NOTICE is hereby given that any person who has grounds of opposition to the registration of any of the trademarks advertised in the schedule hereto may, within three months from the date of this notice, lodge opposition on **form 12** in duplicate together with the prescribed fees.

Formal opposition should not be lodged until after reasonable notice has been given in writing to the applicant so as to afford him an opportunity of withdrawing his application before the expense of preparing an opposition is incurred. Failure to give such notice will be taken into account in considering any application by an opponent for an order for costs if the opposition is uncontested by the applicant.

Reproduction of the marks quoted below may be inspected at the Trademarks Registry, Plot 54358, Block A, Prime Plaza, CBD, Gaborone, Botswana.

(6) Common metals and their alloys; metal building materials; transportable buildings of metal; materials of metal for railway tracks; non-electric cables and wires of common metal; ironmongery and small items of metal hardware; pipes and tubes of metal; unwrought or semi-wrought common metals; valves of metal [other than machine parts]; expansion compensators and accessories thereof, as far as comprised in this class; pipes, tanks, rods, tubes of metal and fittings and accessories therefor, as far as comprised in this class; pipework and flanges [collars] of metal; fittings of metal for compressed air ducts; bulk milk cooling tanks, milking parlor stalls and stanchions, all made primarily of metal; manually activated metal valves, other than parts of machines; metal milking parlor equipment, namely, sequence gates, entry gates, exit gates, splashbacks, curbs, brisket boards; dairy barn facilities, namely, free stall barns, tie-stall barns, feed stanchions, keder tubes used as hem pipes, cattle traffic control gates, namely, telescoping gates, swing gates, and overhead gates, all made of metal; metal gutter grates; steel trusses for livestock barns; partitions as well as partition fittings and clamps of metal; metal barriers for livestock; treatment stalls and cattle crushes made of metal; isolation stalls and gates made of metal; parts for animal stalls, milking parlor installations, milk vats, vats, channels, tubs, gates, borders, doors, portals, barriers, grates, all mainly of metal, as well as fittings and accessories therefor; earmarks of metal for livestock; metal containers for storage or transport; closures of metal for containers; containers of metal for compressed gas or liquid air; metal hardware; pipe jackets of metal;

transfer tubes of metal; milk reservoir vats of metal.

(7) Machines and machine tools for treatment of materials and for manufacturing [other than paper converting machines, including sheet-fed paper converting machines, thermal laminating machines, labelling machines, lithographic labelling machines, laminating machines for stacks of sheets, printing machines, die-cutting machines for paper, cardboard and films, slitting and cutting machines for paper, cardboard and films, paper sheet feeding machines, machines for cutting, folding, handling, printing, rewinding, binding and laminating paper, cardboard and films, document shredding machines and machines for office use]; motors and engines [except for land vehicles and other than for office use]; machine coupling and transmission components [except for land vehicles]; agricultural implements other than hand-operated; emulsifying machines and homogenizers [for chemical processing or food production]; brewing machines; kneading machines; mixers [machines]; drilling machines; electric knives; blade holders [parts of machines], other than for use in document shredding machines, paper processing machines or printing machines; knives [parts of machines], other than for use in document shredding machines, paper processing machines or printing machines; stropping machines; shaping and moulding machines [other than for office use]; pressing machines; mills and crushing machines, other than for use in document shredding machines, paper processing machines or printing machines; rasps [machines]; machines, mechanical apparatus, implements and parts thereof for the processing industry, for use in biotechnology, in the production and processing of drinking water, on oil rigs, in land vehicles and seacraft; machines, mechanical apparatus, implements and parts thereof for the industrial manufacturing and process technology, for the chemical, pharmaceutical, cosmetic, food and beverage industry, for agricultural and dairy purposes, for oil extracting and oil processing, for energy production, wastewater processing and for metal processing industries, for shipping, for drilling platforms and for use in cellars; machines for the production and processing of dry ice, cubed ice, crushed ice and flaked ice; motors, pumps and compressors for refrigerators and freezers; machines, mechanical apparatus and plants for the manufacturing of gases, chemical products, foodstuffs, including beverages; machines for dividing, clarifying, separating, mixing and conveying liquid and/or solid mixtures and substances; centrifugal mixers; powder mixers; reverse osmosis machines for increasing the concentration of dissolved substances in liquids; cartridges for filtering machines; rotating brush sieves [machines or parts of machines]; cyclones as parts of machinery; oil separators; filters, sieves and membranes as parts of machines and for motors and engines; compressors and fans as parts of machines; pumps, in particular for beverages and other foodstuffs; air condensers; blowing machines for the compression, exhaustion and transport of gases; oil refining machines; electrical engines, other than for land vehicles; blowing machines; pump diaphragms; suction machines for industrial purposes; electric machines, apparatus and implements for cleaning; steam cleaners; food and beverage processing and preparation equipment, namely butter machines, computer-operated and non-computer-operated machines and installations for the processing, further processing and packaging

of foodstuffs, namely meat, poultry, fish, cheese, potatoes, vegetables and other vegetarian products, computer-operated and non-computer-operated machines and installations for the pre-processing, processing and packaging of foodstuffs, namely meat, poultry, fish, cheese, potatoes, vegetables and other vegetarian products, in particular knives, mills, mixers [machines], emulsifying machines, machines for sausage production, apparatus for the production, processing and portioning of flour, albumen and bread crumbs, as well as automatic machines for the storage and packaging of foodstuffs, vacuum packing machines and assembly lines and machinery apparatus and mechanical equipment for the production, processing and refining of foodstuffs, semiluxury food and beverages; cutting machines, other than for document shredding purposes, paper processing purposes or office use; food slicers; slicers [machines, electric]; sausage making machines; labelling machines [other than for office use]; moving and handling equipment; agitators; lifting and hoisting equipment, as far as comprised in this class; handling machines, automatic [manipulators]; palletisers; machines for lifting and parts thereof; bottle filling machines; bottle washing machines; bottle capping machines; conveyors; belt conveyors; loading machines; automatic loading systems consisting of loading cranes and machines; manure augers; vacuum packing machines; packaging machines; foil wrapping machines; engines, powertrains, and generic parts for machines; pressure regulators [parts of machines]; heat exchangers being machine parts; crankcases for machines, motors and engines; hydraulic controls for machines, motors and engines; pneumatic controls for machines, motors and engines; pistons [parts of machines and engines]; regulators [parts of machines]; steam traps; control mechanisms for machines, engines or motors; valves [machine parts]; connection fittings for machines; expansion compensators, namely machine parts for compensating thermal stress; cleaners [machine parts]; machines for the energy and power plant industry; machines for the energy technology, as far as comprised in this class; compressors for refrigerators; machines for agglomeration, granulation and lamination [coating] of materials, including foodstuffs and pharmaceutical preparations, and plants composed of the aforementioned machines used for applying the fluid bed technology for commercial purposes; sealing machines for industrial purposes; filling machines; atomizers; machines using microwave technology for commercial purposes; machines for agricultural engineering purposes; environmental technology machines for commercial purposes; machines for industrial plant construction; machine tools; machines and installations composed thereof for applying the spraying technology and spray drying technology for commercial purposes; agricultural, earthmoving, construction, oil and gas extraction and mining equipment; agricultural equipment; electrolysis apparatus for the manufacturing of disinfectants; electric machines for the processing of foodstuffs; fodder presses; rotary and linear milking parlor installations consisting of milking installations; semi-automatic and automatic milking machines; milking installations; component parts for milking machines, namely, milk stimulators, filters for milking machines, vacuum pumps, milk pumps, air compressing pumps, water pumps, chemical dispensing pumps, power-operated teat sprayers, power-operated udder washers, aerators, milking system washers, industrial milking robots; vacuum regulators as parts of milking machines;

milking machine retractors; pumps and pulsators for the dairy industry; udder washing and spraying apparatus; automatic feeding machines; milking parlor equipment, namely manure scrapers; stationary machines for automatically spraying cows with liquid insecticides and germicides; teat cups [suction cups] for milking machines; machines for supplying fodder concentrate in fodder troughs; power-operated manure scrapers; robotic and power-operated manure scrapers; manure agitators; manure separators; tractor-towed farm implements; waste management systems, processing systems and recovery systems for manure, slurry and other animal waste, namely pumps or scrapers for the transport of solid and liquid animal excretions as well as presses for the separation of undigested solid elements; mechanized livestock feeders; machines and machine-operated equipment for cleaning purposes for use in the processing industry, including the food processing industry, in particular the dairy industry, namely machines for the cleaning of teats and hooves; installations and components for processing and the disposal of manure and slurry for the generation of energy, namely pumps and conveyors; sweeping machines; cleaning machines; cleaning devices and machine-type cleaning apparatus, in particular chemical and/or mechanical cleaning apparatus and installations, in particular for the dairy industry, the brewing and beverage industry, the food industry, the chemical, pharmaceutical and cosmetics industry; stable cleaning machines; press-rollers; robots [machines]; condensing installations; mechanical watering systems for livestock; vacuum machines and installations composed thereof; vacuum installations being parts of milking machines; bottling plants for the bottling of solid, pasty and liquid substances and of heterogeneous substance mixtures; pumps for the food processing industry, including milking machine pumps; extractors for milking clusters, namely apparatus for removing the milking equipment from the udder; machines for filtering waste milk to be used for calf feeding; installations for thickening of suspensions by means of decantation or evaporation; plants and apparatus for applying the fluid bed technology for commercial and industrial purposes; plants and apparatus for applying the spray technology, namely spray dryers and spray granulators; machines and mechanical equipment for concentrating, dispersing, suspending, filtering, separating, agglomerating, extracting, fermenting, homogenizing, adding gas to and aerating of solid, liquid and/or gaseous substances, including their intermediates and precursors of synthetic, plant or animal origin, in particular including milk, milk products, milk intermediates, cheese, cheese products, cheese intermediates, butter, butter products, butter intermediates, coffee, beer, juices, meat, fish products and nutritional supplements as well as in particular educts and products of the petrochemical, chemical and pharmaceutical industry and in particular of commercial or industrial waste, wastewater or exhaust gases; rotating cylindrical brushes for livestock [machine parts]; dust removing installations and equipment for cleaning purposes.

(8) Hand-operated tools and implements for treatment of materials, and for construction, repair and maintenance.

(9) Regulating, checking [supervision], control, measuring and switching

installations, apparatus and instruments [other than for office use]; detecting and monitoring instruments, indicators and controllers; food analysis apparatus; quantity indicators; telemeters; diagnostic apparatus, not for medical purposes; transducers; flow meters; pressure gauges; refractometers; spectrometers; thermometers; remote controls; dosage dispensers; automatic liquid flow controls; control and regulating installations for managing and monitoring dairy herds; testing apparatus, not for medical purposes; alignment and calibrating instruments; vacuum gauges; scales; electronic measuring, control and checking [supervision] apparatus and instruments for climate monitoring and climate control; data processing and data collection installations and equipment [other than for office use]; data output installations and equipment [other than for office use]; data transmission installations and equipment [other than for office use]; electrotechnical and electronic apparatus and equipment for process monitoring and process control, for the collection, processing and output of data; apparatus and equipment for the industrial and commercial measuring, monitoring and/or controlling technology; sensors and detectors; information technology and audiovisual equipment; scanners [other than for office use]; luminescence scanners; electronically encoded identification devices; identification devices for livestock; communications equipment; transmitters; radio receivers; transponders; electric apparatus for commutation; X-ray apparatus, not for medical purposes; safety, security, protection and signalling devices; neck tags [electronic transmission and reception apparatus] and responders for livestock; protective and safety equipment; protective boots; protective gloves; protective clothing; protective goggles; software; application software; computer application software for mobile devices and computers; dairy herd management software and computer hardware; computer peripherals, other than printers, scanners or other peripherals for office use; optical devices, sensors and optical equipment, enhancers and correctors; observation instruments; closed-circuit video observation systems comprised of closed circuit television camera and video monitor; apparatus and instruments for conducting, switching, transforming, accumulating, regulating and controlling electricity [other than for office use]; electrical contacts; electric relays; apparatus for recording, storage, transmission or reproduction of sound or images [other than for office use]; scientific surveying, photographic, cinematographic, optical, weighing, signalling apparatus and instruments [other than for office use]; scientific research and laboratory apparatus, educational apparatus and simulators; chemistry apparatus and instruments [other than for office use]; electronic publications, downloadable; apparatus, instruments and cables for electricity; printed circuit boards; load cells; animal scales; electronic animal counting devices; electronic milk flow monitoring devices and milk meters; electronic data processing units, transmitters, receivers and transponders attached to cows for the automatic recognition of animals, for the supply of feed and fodder concentrate, for the cow calendar, for the determination of milk quantities and the quality of milk, for the determination of milk temperatures, and for the determination of washing temperatures; electric control panels for monitoring and operating milking systems; remote controls for automatically dispensing animal feed; automatic dispensers for supplying liquids in drinking bowls; electronic controllers for milk pipeline

washers; automatic dispensers for supplying chemicals for milk pipeline washers; milking monitors, automatic liquid-flow controls for milking machines, automatic feed dispensers for dairy animals; flow sensors for milkers.

(10) Veterinary apparatus and instruments; apparatus for stimulating the udder of dairy animals; apparatus for monitoring the health status of livestock.

(11) Apparatus for lighting, heating, steam generating, cooking, refrigerating, drying, ventilating, water supply as well as sanitary installations; air treatment and air purification equipment; deodorizing apparatus; air purifying installations; ventilation hoods; commercial and industrial dehumidifiers; HVAC systems [heating, ventilation and air conditioning]; heat-recovery installations; air cooling apparatus; air purifying apparatus and machines; electrically powered blowers for ventilation; electric fans; regulating and safety accessories for water and gas installations; wet cooling towers and dry cooling towers with natural ventilation and/or forced ventilation for the cooling of liquid and/or vaporous media; burners, boilers and heaters; heat exchangers, not parts of machines; heat regenerators; furnaces; air reheaters; heat pumps; steam accumulators; heat accumulators; heat generating apparatus; stoves; incinerators; refrigerating and freezing equipment; refrigerating appliances and installations; cooling aggregates; cooling machines; refrigerating chambers; ice machines and apparatus; gas condensers, other than parts of machines; transport refrigeration units for land, air and water vehicles, trailers, shipping boxes and containers; water cooling apparatus; cooling installations for foodstuffs, including milk cooling installations; milk cooling apparatus, namely, refrigerated milk storage tanks; milk coolers, namely, a chiller in the nature of a refrigeration unit used to cool a heat transfer medium and a heat exchanger in which the heat transfer medium cools milk as it comes from cows being milked; cooling and refrigerating installations for the construction industry for the cooling of concrete; cooling and refrigerating installations for the mining industry; cooling and refrigerating installations for sports and leisure facilities; refrigerating containers; ice making machines; lighting and lighting reflectors; lighting apparatus; LED lighting apparatus; luminaires; discharge tubes, electric, for lighting; infrared and ultraviolet lamps not for medical purposes; sanitary installations; water supply and sanitation equipment; sterilization, disinfection and decontamination equipment; disinfectant apparatus; autoclaves; water sterilizers; sterilizers for foodstuffs, including milk; steam sterilizers; water purification, desalination and conditioning installations; agricultural irrigation units; installations and apparatus for wastewater treatment; reverse osmosis devices, water filtering apparatus and water purification installations; pipes being parts of sanitary facilities; sterilizers [not for medical purposes]; food and beverage cooking, heating, roasting, grilling, cooling devices and equipment; electric deep fryers; cooker hoods for industrial use; electric cooking utensils; electric kettles; coffee bean roasting machines; food dryers; roasting apparatus; infrared and microwave ovens for industrial purposes; pasteurizers; wastewater treatment installations; sterilizers for industrial purposes; industrial ovens and furnaces [not for food or beverages];

heat exchangers for chemical processing; flare stacks; distillation columns and units; industrial water treatment plants; industrial installations for filtering liquids; gas scrubbing installations; gas scrubbing and purification apparatus; sewage treatment installations; drying apparatus and installations; crystallizers; installations for the purification of gases; vaporizing installations, apparatus and appliances; drying apparatus; humidifying installations and equipment; humidifiers; filter systems consisting of filter housings and replaceable filter elements, not used as parts of machines, motors or engines; cleaning installations and equipment for liquids; water purification, water treatment, water supply and water desalination installations and equipment; apparatus and equipment for the separation of solid and liquid materials from gaseous and/or liquid media; apparatus and equipment for exhaust steam and waste heat recovery; automatic watering installations; pressure water tanks; clean chambers [sanitary installations]; water intake apparatus; water filtering apparatus; water softening apparatus; water distribution installations; water heaters; water heating installations; air treatment apparatus and machines; germicidal lamps for purifying air; air filters for industrial use; filters for the separation of solid or liquid substances from liquids or gases, including the air; flues and installations for conveying exhaust gases; gas condensers, other than parts of machines; ionization apparatus for the treatment of air; valves being parts of sanitary, heating, steam generating, cooking, refrigerating, drying, ventilating and water supply installations; installations and apparatus for the thermal treatment as well as for the thermal processing of foodstuffs, semiluxury food, beverages and animal feed, in particular for warming, heating, pasteurizing, distilling, refrigerating, freezing, chilling, condensing, spray drying, freeze-drying, drying, in particular educts and products of the petrochemical, chemical and pharmaceutical industry and in particular of commercial or industrial waste, wastewater or exhaust gases; milking parlor equipment, namely air curtains and aerators; distilling machines; mechanical watering systems for livestock farming, namely automatic watering installations; dairy barn equipment, namely, electronic climate control devices; all aforementioned goods also manufactured according to customers' order; dairy barn and milking parlor equipment, namely, power-operated air curtains that open and close, power-operated ventilation system for the roof of livestock barns; drying apparatus for the chemical industry, distillation apparatus for the chemical industry, evaporators for the chemical industry, steam appliances for the chemical industry.

(17) Rubber, gutta-percha, gum, asbestos, mica; plastics in extruded form for use in manufacture; packing, stopping and insulating materials; flexible tubes [not of metal]; seals, sealants and fillers; pipes of rubber, silicone rubber or other synthetic materials for the food processing industry, including milk lines; semi-processed plastic for use in the production of teat liners; flexible pipes, tubes, hoses, and fittings therefor, including valves; seals for pipe connections; insulation jackets for industrial pipes; semi-processed rubber and silicone for use in the production of teat liners.

(18) Leashes, straps, collars and harnesses, each made of leather and imitation

leather, for animals; livestock products in the nature of a restraining device, namely harness for animals in the forms of chains, straps and fasteners.

(19) Transfer tubes [not of metal]; prefabricated building materials [not of metal] for the construction of animal stalls; livestock barn equipment, namely, cushioned flooring for walkways.

(20) Furniture; mirrors [silvered glass]; picture frames; fasteners of plastic; valves, not of metal; non-metallic bins [other than dust bins]; cabinets for housing milking equipment; reservoirs, not of metal nor of masonry; boxes of wood or plastic; fodder racks.

(21) Drinking troughs; feeding troughs; mangers for animals; tableware, cookware and containers; cups; bottles; brushes; feeding troughs, primarily of metal; watering cans of metal; non-mechanized livestock waterers.

(25) Clothing; shirts; t-shirts; jackets [clothing]; windcheaters; sweat shirts; waistcoats; sweaters; sweatpants; neckties; gloves [clothing]; overalls; hats; caps being headwear; clothing other than sports clothing.

(27) Floor coverings; floor coverings and artificial ground coverings; mats; barn stall equipment, namely, stall mats, bedding mats and cushioned bedding mats for livestock which are laid on the floor of animal stalls.

(35) Advertising; marketing; promotional services; publication of publicity texts; public relations; market studies; market analysis; computerized business information services; computerized inventory control; administration of third party business interests [control, management, supervision]; business appraisals; business assistance, management and administrative services; business consulting; accountancy, book keeping and auditing; business consulting services relating to data processing; business planning; business advisory services for traders and the branch office staff in the milk-producing industry in the field of branch management, namely planning of the sales area development, sales planning and marketing planning, distribution techniques, distribution route management planning, personnel management and operational management; updating and maintenance of data in computer databases; business project management services for construction projects; business strategy development services; data processing services [office functions]; business analysis, research and information services; commercial information agency services; cost price analysis; demonstration of goods; opinion polling; market research; collection and systematization of information into computer databases; drawing up of business statistical information; business feasibility studies; commercial advisory services in the field of business management; providing of information for consumers in commercial and business matters [consumer counselling]; import-export agency services; retail and wholesale trade in the fields of pharmaceutical, veterinary and sanitary preparations; business planning services related to the field of feed management for dairy facilities; individual consultation in the field of general business management for dealers and dealership personnel in the dairy

production and herd health industry; providing consultation on business management and data processing; organization of trade fairs for commercial or advertising purposes; provision of an on-line marketplace for buyers and sellers of goods and services; conducting business surveys.

(36) Insurance; financial affairs and monetary affairs, including leasing transactions; corporate trustee services; financing and loan services; deposit banking; real estate affairs; financial information, data, advice and consultancy services; financial consulting services; consulting services for dealers and dealership personnel in the dairy production industry in the field of dealership route management, namely, financial planning and management.

(37) Building construction; installation, repair and maintenance of machines, mechanical apparatus, implements, motors and engines for the industrial manufacturing and process technology, for the chemical, pharmaceutical, cosmetic, food and beverage industry, for agricultural and dairy purposes, for oil extracting and oil processing, for energy producing, wastewater processing and for metal processing industries, for shipping, for drilling platforms and for use in cellars; installation, repair and maintenance of regulating, checking [supervision], control, measuring and switching installations, apparatus and instruments, detecting and monitoring instruments, data processing installations and equipment, data collection installations and equipment, data output installations and equipment and data transmission installations and equipment; installation, repair and maintenance of lighting, heating, steam generating, cooking, refrigerating, drying, ventilating, water supply as well as sanitary installations; steel structure construction works; building construction, including structural and civil engineering and including for the building of industrial and mechanical installations and of buildings; building construction supervision; installation of industrial and mechanical installations; construction information; cleaning services; installation of temporary structures for trade fairs; interference suppression in electrical apparatus; retrofitting and modification of machines; repair or maintenance of machines, installations [facilities] and apparatuses; installation, maintenance and repair of machines, installations [facilities] and apparatuses; installation, maintenance and repair of plants on farms; consultancy relating to installation, maintenance and repair services; providing information relating to installation, maintenance and repair services; rental of motors for use in oil extracting, drilling platforms and underground mining; installation and maintenance of dairy parlor equipment.

(39) Packaging and storage of goods; transport services; delivery services; delivery of equipment for commercial and industrial use, including the food processing industry, including dairy plants; delivery of dairy farm equipment; delivery of dairy farm hygiene products, namely, dairy farm equipment hygiene products and animal hygiene products; delivery of animal health products; delivery of equipment to be used in dairy plants and for the production of food, industrial goods or commercial products as well as repair and spare parts for dairy plant equipment and for the production of food, industrial goods or commercial products; rental of machines, mechanical apparatus, motors and

engines for marine use; providing information relating to the rental of machines and apparatus for food packaging.

(40) Processing of metals, plastics and natural resources, namely rubber, gutta-percha, gum, asbestos, mica, stone, wood and leather; material treatment information; refrigerant recovery services; providing information relating to the processing and conversion of foodstuffs; printing, and photographic and cinematographic development; photographic processing; rental of machines, mechanical apparatus, implements, motors and engines for use in industrial manufacturing and processing for the chemical, pharmaceutical, cosmetic, food and beverage industry and for dairy purposes; rental of heating installations; providing information relating to the rental of air conditioning apparatus or of chemical processing machines and apparatus; providing information relating to the rental of machines and apparatus for food processing or beverage production; providing information relating to the rental of room cooling units for commercial or industrial purposes; providing information relating to the rental of water purification apparatus; rental of refrigerating apparatus; rental of drying, steam generating, ventilating and water supply installations.

(41) Providing of training and further training; provision of training courses; providing online electronic, non-downloadable learning content and information via apps [application] and programs for mobile devices and computers; educational instruction; organization and conducting of seminars in the fields of the food and beverage industry as well as in the fields of the pharmaceutical, chemical and processing industry; training services; training services for dairy producers and dealers and dealership personnel in the dairy production industry, namely conducting of workshops, seminars and courses, and individualized training in the field of dairy farm hygiene, namely, dairy farm equipment hygiene and animal hygiene, animal health, milking system analysis, and milking management; training services for dealers and dealership personnel in the dairy production industry, namely conducting of workshops, seminars and courses in the field of dealership route management and general business management, namely financial planning and management, territory development planning, sales and marketing planning, sales techniques, route management planning, manpower management, and operations management; providing training services for buyers of machines and equipment regarding the maintenance thereof; teaching; teaching, namely organization and conducting of courses, seminars, symposiums, colloquiums, conferences and workshops; practical training [demonstration]; correspondence courses; coaching; provision of training facilities; computer training; translation and interpretation; publishing and reporting; publishing services; providing online electronic publications, not downloadable; electronic publishing services; publication of periodicals and books in electronic form, including on the Internet; writing of texts, other than publicity texts; publication of reports in the fields of science and technology.

(42) Scientific and technological services; services for technical monitoring of industrial processes; engineering services; physics research; construction

drafting; architectural and urban planning services; industrial research; medical research; consultancy in the field of energy-saving; research in the field of agricultural chemistry; IT programming services; IT consultancy, advisory and information services; design and development of computer hardware; reproduction of computer programs and conversion of computer programs and data [no physical conversion]; decoding of data; IT security services in the form of computer data protection and recovery; software design, development, programming and implementation; computer programming; data mining; hosting services and software as a service and rental of software; cloud computing; architectural and construction drafting and consultancy; preparation of data processing programs; rental of computer software, computer hardware and computer facilities; validation and quality assurance with respect to software components and hardware components; technological consultancy regarding maintenance work; design, technical development and technical planning of industrial plants and machines; scientific and technological services and research and design relating thereto; industrial analysis and research services; design and development of computer hardware and software; technical consultancy services for dairy producers in the field of water quality testing and analysis and maintenance assessment of the performance and reliability of milking and cooling systems and of the udder washing system function; technological consultancy services to assist dairy producers in optimizing milk production performance and in maximizing milking efficiency by analyzing data, namely, data on milking vacuum levels, pulsation rates, ratios and characteristics, teat liner design and composition, milk production and dairy operator routines; technical consultancy in the field of dairy parlors and dairy facilities by providing technological consultation on milking equipment, automation level, monitoring measures regarding technical facilities, requirements regarding electrical facilities, water quality monitoring, design and planning of milking boxes; technical consultancy in the field of science, engineering and information technology; consultancy in the field of numerical fluid mechanics and development of fluid-mechanical computer models; consultancy regarding technical research in the field of foodstuffs and beverages; consultancy in the field of biotechnology; consultancy in the field of pharmaceutical research; consultancy in the field of veterinary research and development; consultancy in the field of renewable energy; providing technological consultation to dairy producers, as part of milking system design services, relating to vacuum pumps, controllers and pulsators used with milking machines, milking units, pipelines, dairy operator performance, sanitation and supplies, milk storage and cooling, service schedules, milk pumps and milk filtering, timing and flow control devices; consultancy in the field of environmentally friendly technologies; natural science services; chemical analysis for the optimization of hygiene in the food processing industry, including on dairy farms; chemical analysis for trade and industry, including the food processing industry and the dairy industry; provision of scientific information, advice and consultancy in relation to carbon offsetting; material testing; technical project management for the planning and development of industrial installations and machines; services of a research and development office; creation of new products; electronic data storage; data programming;

	<p>technological consultancy regarding data processing for others; data programming for others; design services; dairy facility planning services, namely, laying out of milking parlors and waiting areas in front of milking robots, milking barns, calf and dam sheds as well as cow comfort and traffic patterns; dairy parlor and dairy facilities design services; new product design; planning of commercially used facilities and industrial plants, in particular of the food industry, including of dairy facilities; computer technology consulting; technological analysis services; research laboratories and laboratory testing services; chemistry services; electrical engineering services; chemical engineering; scientific research; technical project studies; surveying and exploration services; preparation of scientific reports; research, development and design of new machines and installations for others in the field of food processing and packaging; conducting scientific experiments; research and development of new products for others; testing, authentication and quality control; technical testing services; conducting chemical analyses; analysing of manufacturing processes; measuring and analysis of emission and pollutant concentration; materials testing and evaluation; product testing; calibration services; rental of regulating, checking [supervision], control, measuring and switching installations, apparatus and devices, detecting and monitoring instruments, data processing, data collection, data output and data transmission installations and equipment.</p> <p>(44) Agriculture, aquaculture, horticulture and forestry services; farming [animals]; farming [crops]; veterinary advisory services; agricultural advice; farming equipment rental; pest control and vermin exterminating services for agriculture, horticulture and forestry; rental of machines, mechanical apparatus, implements and motors for agricultural purposes; rental of sanitary facilities.</p> <p>(45) Legal services in relation to the management, control and granting of licence rights.</p>
