NOTICE is hereby given that any person who has grounds of opposition to the registration of any of the trademarks advertised in the schedule hereto may, within three months from the date of this notice, lodge opposition on form 12 in duplicate together with the prescribed fees.

Formal opposition should not be lodged until after reasonable notice has been given in writing to the applicant so as to afford him an opportunity of withdrawing his application before the expense of preparing an opposition is incurred. Failure to give such notice will be taken into account in considering any application by an opponent for an order for costs if the opposition is uncontested by the applicant.

Reproduction of the marks quoted below may be inspected at the Trademarks Registry, Plot 54358, Block A, Prime Plaza, CBD, Gaborone, Botswana.

(5) Pharmaceutical preparations and other preparations for destroying vermin, fungicides, herbicides; reagent paper for medical purposes; pharmaceutical preparations; fumigants [only for agricultural purposes]; fungicides [only for agricultural purposes]; rodenticides [only for agricultural purposes]; insecticides [only for agricultural purposes]; herbicides [weedkillers]; insect-repellents [only for agricultural purposes]; antiseptics [only for agricultural purposes]; oiled paper for medical purposes; adhesive tapes for medical purposes; drug delivery agents in the form of edible wafers for wrapping powdered pharmaceuticals; gauze for dressings; empty capsules for pharmaceuticals; eyepatches for medical purposes; ear bandages; menstruation bandages; menstruation tampons; sanitary napkins; sanitary panties; absorbent cotton; adhesive plasters; bandages for dressings; liquid bandages; breast-nursing pads; cotton swabs for medical use; dental materials; diapers; diaper covers; fly catching paper; mothproofing paper; lacteal flour for babies; dietary supplements for humans; dietetic beverages adapted for medical purposes; dietetic food adapted for medical purposes; beverages for babies; food for babies; dietary supplements for animals; semen for artificial insemination; deodorizers for automobiles; pharmaceutical agents affecting central nervous system; pharmaceutical agents affecting peripheral nervous system; pharmaceutical agents affecting sensory organs; antiallergic agents; cardiovascular agents; pharmaceutical agents affecting respiratory organs; pharmaceutical agents affecting digestive organs; hormones for medical purposes; pharmaceutical agents for uro-genital and anal organs; pharmaceutical agents for epidermis; vitamin preparations; amino acid preparations; nutritional additives for medical purposes, medicinal tonics and substitutes therefore; hemotropic agents; pharmaceutical agents affecting metabolism; cellular function activating agents; tumor suppressing agents; pharmaceutical agents for treating physically caused lesions; agents for treating chemically caused disorders; antibiotic preparations; chemotherapeutics; biological preparations for medical purposes; agents for destroying parasites; pharmaceutical agents for dispensing purposes; diagnostic preparations; radio-isotope markers for therapeutic or diagnostic use; narcotics; crude drugs, charred drugs and moxa; veterinary preparations; dental cements; dental fillings; dental wax; materials for artificial teeth; chlorella dietary supplements in granular form; yeast dietary supplements in granular form; propolis-based dietary supplements.

(6) Iron and steel; nonferrous metals and their alloys; ores of metal; metal materials for building or construction; prefabricated building assembly kits of

metal; loading and unloading pallets of metal; turn-tables for load handling; traversers for load handling; artificial fish reefs of metal; prefabricated sectional poultry houses of metal; paint spraying booths of metal; metal moulds for forming cement products; metal pulleys, springs and valves [not including machine elements]; pulleys of metal, not machine elements; springs of metal, not machine elements; valves of metal, not machine elements; metal junctions for pipes; metal flanges; machine keys; cotter pins; railway points; road signs of metal [not luminous nor mechanical]; beacons of metal, non-luminous; reservoirs of metal; liquid storage tanks or reservoirs of metal; industrial water storage tanks of metal; internal floating lids of aluminium for use with gas or liquefied gas storage tanks; liquefied gas storage tanks of metal; gas storage tanks of metal; anchors; containers of metal for transport; anvils; swage blocks; metal hardware; metal hardware, not including security locks, keys of metal for locks, ring of metal for keys and padlocks; security locks of metal; rings of metal for keys; keys of metal for locks; padlocks; wire rope; wire nets and gauzes; industrial packaging containers of metal; industrial packaging containers of metal, not including metal stoppers, lids and caps; metal stoppers for industrial packaging containers; metal lids and caps for industrial packaging containers; metal nameplates and door nameplates; hand-held flagpoles of metal; stakes of metal for plants or trees; metal stepladders and ladders; letter boxes of metal; hat-hanging hooks of metal; water tanks of metal for household purposes; tool boxes of metal, empty; towel dispensers of metal; metal joinery fittings; safes; outdoor blinds of metal; upright signboards of metal; man-made garden ponds of metal [structures]; transportable greenhouses of metal for household use; metal tombs and metal tomb plaques; shoe dowels of metal; shoe pegs of metal; hobnails of metal; ferrules of metal for canes and walking-sticks; spurs; crampons [climbing irons]; carabiners of metal; pitons of metal; sculptures of metal; keys of metal; badges of metal for vehicles; buckles of common metal [hardware]; nozzles of metal; metal license plates; packaging containers of metal; signs, non-luminous and non-mechanical, of metal; prefabricated soundproof room assembly kits of metal; steels in primary forms; rolled steels; steels and irons in secondary forms; iron or steel scraps; copper and its alloys; lead and its alloys; zinc and its alloys; tin and its alloys; aluminium and its alloys; magnesium and its alloys; nickel and its alloys; titanium and its alloys; indium and its alloys; cadmium and its alloys; chromium and its alloys; germanium and its alloys; cobalt and its alloys; zirconium and its alloys; tungsten and its alloys; tantalum and its alloys; niobium and its alloys; vanadium and its alloys; hafnium and its alloys; beryllium and its alloys; manganese and its alloys; molybdenum and its alloys; zinc ores; antimony ores; uranium ores; lead ores; gold ores; silver ores; chrome iron ores; cobalt ores; mercury ores; tin ores; bismuth ores; tungsten ores; iron ores; copper ores; thorium ores; nickel ores; manganese ores; molybdenum ores; iron pyrites; chimney shafts of metal; guardrails of metal; stair treads of metal; fasteners for casement windows of metal; wall linings of metal; flagpoles [structures] of metal; pilings of metal; metal shutters for building or construction; metal ceiling boards for building or construction; floor boards of metal for building or construction; gratings of metal; tunneling materials of metal; fences of metal; water-pipes of metal; tiles of metal; steel

frames for building; boards of metal for shelves as metal materials for building or construction; hinges of metal; handrails of metal; gabions of steel wire; ceiling decorations of metal; electric poles of metal; door knockers of metal; gutters of metal; gutter brackets of metal; sliding door pulleys or rollers of metal; doors of metal; door handles of metal; door closers of metal; pillars of metal; wainscottings of metal; beams [building material of metal]; grilles of metal; wire fences; fire retarding doors of metal; floor pavings of metal; windows of metal; window knobs of metal; window frames of metal; window pulleys of metal; manhole covers of metal; gates of metal; barbed wires; louver doors of metal; rockslide retention wire nets; laths of metal; aviary assembly kits of metal; spiral springs of metal, not machine elements; laminated leaf-springs of metal, not machine elements; coil springs of metal, not machine elements; angle valves of metal, not machine elements; ball valves of metal, not machine elements; cocks of metal, not machine elements; automatic control valves of metal, not machine elements; butterfly valves of metal, not machine elements; cut nails; nails; wedges and pegs of metal; nuts of metal; screws; tacks of metal; plugs [metal hardware]; bolts of metal; rivets; washers of metal; rings [metal fitting]; chains of metal; casters of metal; metal fixtures for ropes for use with swimming pools; tin cans, sold empty; collapsible tubes of metal, sold empty; high pressure gas containers of metal, sold empty; steel drums, sold empty; prefabricated soundproof room assembly kits of metal.

(8) Tweezers; braiders [hand-held ones only]; hoes [hand-held]; digging forks [spading forks]; lawn rakes [hand-held ones only]; lasts for shoe-making [handheld ones only]; electric flat irons; electric razors and electric hair clippers; bladed or pointed hand tools and swords; bladed or pointed hand tools; swords; hand tools, hand operated, other than bladed or pointed hand tools; hand tools [other than carpenters' inkpots and their accessories, razor strops, sharpening steels and whetstones]; carpenters' inkpots [hand tools] and their accessories; razor strops [leather strops]; sharpening steels; whetstones [sharpening stones]; egg slicers, non-electric; non-electric planes for flaking dried bonito blocks [katsuo-bushi planes]; can openers, non-electric; spoons; cheese slicers, non-electric; pizza cutters, non-electric; forks [cutlery]; dressmakers' chalk sharpeners; fireplace shovels for carrying live charcoal [juno]; fireplace bellows [handtools]; fire tongs; bludgeons; shaving cases; pedicure sets; eyelash curlers; manicure sets; ice axes; diving knives; diving knife holders; palette knives; hand-operated grease guns; air pumps, hand-operated; handles for hand-operated hand tools; gardening shears and scissors; metal-cutting scissors [tin shears]; nail clippers; nail scissors; Japanese grip scissors [Japanese thread clippers]; scissor blades; punches; scissors; woolen shears; hair cutting scissors; kitchen knives; razors, non-electric; hand-operated hair clippers; edged scoops; planes; drills, hand-operated; saws [hand-operated]; chisels [hand-operated]; axes; sickles and scythes; hatchets; broadaxes; cutting tools [hand-held ones only]; sabres [sword]; sword canes; daggers; Japanese swords; non-Japanese swords [bantoh]; bushhammers [stone hammers]; mallets; hammers [hand-operated]; spanners; screwdrivers, non-electric; adjustable spanners; wrenches, hand-held tools; trowels; masons' trowels; irons [non-electric hand tools]; branding irons; vices; carpenters'

pincers [nail pullers]; nippers; pliers; cutting pliers [lineman's pliers]; tongs; picks; spades; gardening trowels; shovels; snow shovels; Japanese style carpenters' inkpots [sumi-tsubo]; marking strings, being parts of Japanese style carpenters' inkpots [hand tools]; hand garden rakes.

(9) Ear plugs for swimmers; ear plugs for divers; ozonisers [ozonators]; electrolyzers [electrolytic cells]; egg-candlers; blueprint apparatus; cash registers; coin counting or sorting machines; photo-copying machines; mathematical instruments; time and date stamping machines; time clocks [time recording devices]; punched card office machines; voting machines; postage stamp checking apparatus; mechanisms for coin-operated car parking gates; life saving apparatus and equipment; fire extinguishers; fire hoses; fire hose nozzles; sprinkler systems for fire protection; fire alarms; gas alarms; anti-theft warning apparatus; protective helmets; railway signal apparatus, luminous or mechanical; vehicle breakdown warning triangles; luminous or mechanical road signs; breathing apparatus for underwater swimming; game programs for arcade video game machines; simulators for the steering and control of vehicles; sports training simulators; laboratory apparatus and instruments; photographic machines and apparatus; cinematographic machines and apparatus; optical machines and apparatus; measuring or testing machines and instruments; power distribution or control machines and apparatus; rotary converters; phase modifiers; solar batteries; batteries and cells; electric or magnetic meters and testers; electric wires and cables; telecommunication machines and apparatus; personal digital assistants; electronic machines, apparatus and their parts; electronic machines [not including geiger counters, high frequency apparatus for welding, cyclotrons [not for medical purposes], industrial X-ray machines and apparatus [not for medical use], industrial betatrons [not for medical use], magnetic prospecting machines, magnetic object detectors, seismic exploration machines and apparatus, hydrophone machines and apparatus, echo sounders, ultrasonic flaw detectors, ultrasonic sensors, electronic door closing control systems and electron microscopes]; electron tubes; semi-conductor elements; electronic circuits, not including those recorded with computer programs; computer programs; geiger counters; high frequency apparatus for welding; cyclotrons, not for medical purposes; industrial X-ray machines and apparatus, not for medical use; industrial betatrons, not for medical use; magnetic object detectors; seismic exploration machines and apparatus; hydrophone machines and apparatus; echo sounders; ultrasonic flaw detectors; ultrasonic sensors; electronic door closing control systems; electron microscopes; magnetic cores; resistance wires; electrodes, other than welding electrodes or medical electrodes; fire boats; satellites for scientific purposes; fire engines; dust masks; gas masks; welding masks; fireproof garments; disaster prevention hoods, being protective clothing; gloves for protection against accidents; spectacles [eyeglasses and goggles]; game programs for home video game machines; electronic circuits and CD-ROMs recorded with programs for hand-held games with liquid crystal displays; protective helmets for sports; sports whistles; weight belts for scuba diving; air tanks for scuba diving; snorkels; regulators for scuba diving; metronomes; electronic circuits and CD-ROMs recorded with automatic performance programs for electronic musical instruments; electric

and electronic effects units for musical instruments; phonograph records; downloadable music files; downloadable image files; recorded video discs and video tapes; electronic publications; exposed cinematographic films; exposed slide films; slide film mounts; lifeboats; electronic lock assemblies; downloadable digital books; visors for helmets; smartphone software; meters; gauges; digital telecommunications apparatus; electronic control systems for machines; electronic controls for motors; Global Positioning System [GPS] navigation devices; software for GPS navigation systems; batteries for vehicles; helmets for motorcyclists; life jackets; measuring apparatus; testing apparatus for testing printed circuit boards; electrical and electronic control apparatus and instruments; power controllers; display monitors; chargers for electric batteries; articles of protective clothing for wear by motorcyclists for protection against accident or injury; smartphone; cases for smartphones; voltage stabilizers; current rectifiers; electric transformers; electrical adaptors; stabilized voltage supply; dry cells; electric batteries; Helium leak testers; helium detectors; hydrogen detectors; detectors; cameras [photography]; camcorders; projection apparatus; video projectors; projection screens; navigational apparatus for automobiles; car stereos; sound recording apparatus; digital voice recorders; sound reproduction apparatus; sound transmitting apparatus; equalisers being audio apparatus; audio interfaces; audio mixers; audio and video receivers; loudspeakers; subwoofers; portable media players; portable audio players; transmitters [telecommunication]; wireless transmitters and receivers; audio amplifiers; television apparatus; radios; transmitters of electronic signals; personal stereos; compact disc players; DVD players; headphones; earphones; microphones; audio apparatus for automobiles; cases adapted for mobile phones; conference microphone speakers; web conferencing cameras; personal computers; tablet computers; downloadable software; interfaces for computers; computer software for generating, reproducing, effecting, and recording sound; computer software for creating computer music; computer software for playing music; printed circuits; network routers; semi- conductors; electronic circuits and CD-ROMs recorded with programs for hand- held games with liquid crystal displays; downloadable computer game software; downloadable game programs for home video games; downloadable game programs for smartphones; electric and electronic effects units for musical instruments; amplifiers for musical instruments; electronic circuits and CD-ROMs recorded with automatic performance programs for electronic musical instruments; downloadable music files for use in the operation of electronic musical instruments; compact discs featuring music; sound and video recordings; musical sound recordings; video recordings; downloadable electronic sheet music; life belts; life buoys; life nets; laboratory experimental machines and apparatus; scientific apparatus for laboratory use; laboratory apparatus; standard-unit measuring machines and apparatus; derived-unit measuring machines and apparatus; precision measuring machines and instruments; material testing machines and instruments; surveying machines and instruments; astrometric measuring apparatus and instruments; downloadable electronic charts used to identify the hiding-power of paint; thermosensitive temperature indicator strips; testing apparatus for rust formation testing; wet cells; accumulators [batteries]; phase indicators; oscillographs [oscilloscopes];

circuit testers; antenna parameter measuring apparatus; detectors [electric or magnetic meters and testers]; ground detectors [electric leakage detectors]; magnetometers; frequency meters; vacuum tube characteristic testers; watt hour meters; resistance measuring instruments; voltmeters; wavemeters; ammeters; wattmeters; oscillators; capacity measures [electric or magnetic meters and testers]; intercoms; portable telephones; automatic switching apparatus for telecommunication; manual switching apparatus for telecommunication; telephone sets; wire communication machines and apparatus; automatic telegraph apparatus; manual telegraph apparatus; facsimile machines; transmission machines and apparatus for telecommunication; audio frequency transmission machines and apparatus; cable electricity transmission machines and apparatus; power-line electricity transmission machines and apparatus; open-wire electricity transmission machines and apparatus; telecommunication transmission and repeating machines and apparatus; broadcasting machines and apparatus; television receivers [TV sets]; television transmitters; radio receivers; radio transmitters; radio communication machines and apparatus; portable radio communication machines and apparatus; aeronautical radio communication machines and apparatus; multichannel radio communication machines and apparatus for fixed stations; single-channel radio communication machines and apparatus for fixed stations; vehicular radio communication machines and apparatus; marine radio communication machines and apparatus; radio machines and apparatus; radio beacon machines and apparatus; radio direction finders; radar machines and apparatus; loran navigation machines and apparatus; remote control telemetering machines and instruments; audio frequency devices and apparatus; IC recorders; public-address systems and instruments; juke boxes; tape recorders; electric phonographs; record players; sound recording machines and apparatus [audio- frequency apparatus]; video frequency devices and apparatus; DVD recorders; digital cameras; digital photo frames; videocameras [camcorders]; videodisc players; videotape recorders; parts and accessories for telecommunication machines and apparatus; antennas [aerials]; cabinets for telecommunication apparatus; cell phone cases; cell phone straps; coils for telecommunication apparatus; magnetic tape erasers; magnetic tape cleaners; magnetic head erasers; magnetic head cleaners [apparatus]; stands and racks for telecommunication machines and apparatus; dials of telecommunication apparatus; blank magnetic tapes for tape recorders; change-over switches for telecommunication apparatus; connectors for telecommunication apparatus; electric capacitors for telecommunication apparatus; electric resistors for telecommunication apparatus; fuses for telecommunication apparatus; plugboards; pickups for telecommunication apparatus; blank video tapes; indicator lights for telecommunication apparatus; electrical phonomotors; electrical transformers for telecommunication apparatus; protectors for telecommunication apparatus; microphones for telecommunication apparatus; blank record disks; aerials; antennas; masts for wireless aerials; equalisers [audio apparatus]; equalizers [audio apparatus]; satellite navigational apparatus; remote control apparatus; telerupters; acoustic couplers; diaphragms [acoustics]; audio and video-receivers; cassette players; cell phones; cellular phones; mobile telephones; coils, electric; holders for electric coils; coin-operated musical automata [juke boxes]; coin-operated

mechanisms for television sets; high-frequency apparatus; dictating machines; cordless telephones; demagnetizing apparatus for magnetic tapes; magnetic wires; phototelegraphy apparatus; juke boxes, musical; electro-dynamic apparatus for the remote control of signals; cabinets for loudspeakers; horns for loudspeakers; Global Positioning System [GPS] apparatus; intercommunication apparatus; transmitting sets [telecommunication]; amplifiers; teletypewriters; video telephones; teleprinters; electronic key fobs being remote control apparatus; electric installations for the remote control of industrial operations; electromagnetic coils; telegraphs [apparatus]; electro-dynamic apparatus for the remote control of railway points; telephone receivers; telephone transmitters; telephone apparatus; hands-free kits for telephones; walkie-talkies; transponders; navigational instruments; rearview cameras for vehicles; navigation apparatus for vehicles [on-board computers]; vehicle radios; video cassettes; video screens; videotapes; video baby monitors; video recorders; head cleaning tapes [recording]; ear pads for headphones; baby monitors; galena crystals [detectors]; telecommunication apparatus in the form of jewellery; telecommunication apparatus in the form of jewelry; radiotelegraphy sets; radiotelephony sets; radio pagers; megaphones; monitoring apparatus, other than for medical purposes; answering machines; radar apparatus; cleaning apparatus for phonograph records; speed regulators for record players; needles for record players; styli for record players; apparatus for changing record player needles; tone arms for record players; cleaning apparatus for sound recording discs; sound recording carriers; sound recording discs; sound recording strips; personal digital assistants in the shape of a watch; smartphones; devices for the projection of virtual keyboards; optical data media; anti-interference devices [electricity]; magnetic encoders; selfie sticks [hand-held monopods]; selfie lenses; wearable computers; wearable video display monitors; covers for smartphones; protective films adapted for smartphones; security tokens [encryption devices]; interactive touch screen terminals; couplers [data processing equipment]; electronic notice boards; digital signs; electronic numeric displays; black boxes [data recorders]; magnetic data media; disks, magnetic; magnetic tapes; optical discs; floppy disks; smartglasses; modems; smart rings; computers and their peripherals; optical mouse; display units for computers; hard disk drives; printers; electrostatic copying machines; electronic desk calculators; electronic dictionaries; word processors; X-ray tubes, not for medical use; photo-sensitive tubes [phototubes]; vacuum tubes; rectifier tubes; cathode ray tubes; discharge tubes; thermistors; diodes; transistors; integrated circuits; large scale integrated circuits; integrated circuit cards [smart cards]; chips [integrated circuits]; electronic access control systems for interlocking doors; X-ray tubes not for medical purposes; processors [central processing units]; monitors [computer programs]; computer software platforms, recorded or downloadable; computer screen saver software, recorded or downloadable; optical character readers; electronic pocket translators; computers; computer memory devices; computer peripheral devices; computer operating programs, recorded; computer software, recorded; computer software applications, downloadable; protective films adapted for computer screens; computer hardware; computer programs, recorded; encoded magnetic cards; computer keyboards; computer game software, recorded; computer game software,

downloadable; juke boxes for computers; joysticks for use with computers, other than for video games; disk drives for computers; magnetic tape units for computers; printers for use with computers; computer programs, downloadable; monitors [computer hardware]; wrist rests for use with computers; triodes; encoded identification bracelets, magnetic; wafers for integrated circuits; electronic tags for goods; thin client computers; scanners [data processing equipment]; smart cards [integrated circuit cards]; teleprompters; amplifying tubes; amplifying valves; covers for tablet computers; central processing units [processors]; data processing apparatus; hand-held electronic dictionaries; electronic interactive whiteboards; electronic book readers; electronic agendas; trackballs [computer peripherals]; transistors [electronic]; thermionic tubes; thermionic valves; laptop computers; notebook computers; stands adapted for laptops; bar code readers; light-emitting diodes [LED]; printed circuit boards; plotters; electronic pens [visual display units]; discharge tubes, electric, other than for lighting; electric discharge tubes, other than for lighting; pocket calculators; microprocessors; mouse [computer peripheral]; mouse pads; identity cards, magnetic; USB flash drives; organic light-emitting diodes [OLED]; readers [data processing equipment]; vacuum tubes [radio]; bags adapted for laptops; sleeves for laptops; quantum dot light-emitting diodes [QLED]; parts and accessories for spectacles; EP records; LP records; sound recorded magnetic cards, sheets and tapes; recorded audio compact discs; downloadable ring tones for mobile phones; animated cartoons; downloadable emoticons for mobile phones; downloadable graphics for mobile phones; compact discs [audio-video]; electronic sheet music, downloadable; electronic publications, downloadable; cinematographic film, exposed; X-ray photographs, other than for medical purposes; slides [photography]; transparencies [photography]; frames for photographic transparencies; holograms; X-ray films, exposed; films, exposed; totalizators; photocopiers [photographic, electrostatic, thermic]; ink cartridges, unfilled, for printers and photocopiers; toner cartridges, unfilled, for printers and photocopiers; data gloves; virtual reality headsets; compact discs [read-only memory]; memory cards for video game machines; graduated glassware; measuring glassware; apparatus and instruments for astronomy; audiovisual teaching apparatus; 3D spectacles; thermal imaging cameras; nautical apparatus and instruments; boiler control instruments; choking coils [impedance]; circuit closers; rheostats; capacitors; condensers [capacitors]; resistances, electric; fuses; inductors [electricity]; teaching apparatus; sound locating instruments.

(10) Finger guards for medical purposes; pacifiers for babies; ice bag pillows for medical purposes; triangular bandages; supportive bandages; surgical catguts; feeding cups for medical purposes; dropping pipettes for medical purposes; teats; medical ice bags; medical ice bag holders; baby bottles; nursing bottles; contraceptives, non-chemical; artificial tympanic membranes; prosthetics or fillings materials, not for dental use; ear plugs for sleeping; ear plugs for soundproofing; esthetic massage apparatus for commercial use; medical apparatus and instruments; medical apparatus and instruments, other than walking aids, and crutches; walking aids for medical purposes; crutches; electric massage apparatus for household purposes; gloves for medical

purposes; urinals for medical purposes; bed pans; ear picks; condoms; pessaries; diagnostic apparatus and instruments; surgical apparatus and instruments; therapeutic apparatus and instruments; medical supportive equipment for hospitals; dental apparatus and instruments; veterinary apparatus and instruments; auxiliary medical devices and orthodontic apparatus, other than walking aids, and crutches; medical X-ray apparatus; sanitary masks for medical purposes; dental prosthetics.

(11) Toilet bowls and seats sold as a unit; prefabricated bathrooms sold as a unit; drying apparatus for chemical processing; recuperators for chemical processing; steamers for chemical processing; evaporators for chemical processing; distillers for chemical processing; heat exchangers for chemical processing; drying apparatus for textile manufacture; milk sterilizers; ice-cream making machines for industrial purposes; bread-making machines for industrial purposes; plywood drying machines; industrial furnaces; nuclear reactors [atomic piles]; drying apparatus for harvest; forage drying apparatus; boilers, other than parts of non-electric prime movers or engines; air conditioners for industrial purposes; freezing machines and apparatus for industrial purposes; laundry dryers, electric, for industrial purposes; towel steamers for hairdressing purposes; hair drying machines for beauty salon use; hair steamers for beauty salon use; shampoo basins for barbers' shop use; cooking apparatus and installations for commercial use; dish drying machines for commercial use; dish disinfectant apparatus for commercial use; kitchen sinks to be integrated into worktops, for commercial use; kitchen sinks for commercial use; tap water faucets; level controlling valves for tanks; pipe line cocks; waste water treatment tanks for industrial purposes; septic tanks for industrial purposes; garbage incinerators; garbage incinerators for industrial purposes; garbage incinerators for household purposes; solar water heaters; water purifying apparatus for industrial purposes; electric lamps and other lighting apparatus; household electrothermic appliances; household electrothermic appliances, other than for beauty or sanitary purposes; household electrothermic appliances for beauty or sanitary purposes; washers for water taps; gas water heaters for household purposes; non-electric cooking heaters for household purposes; kitchen sinks to be integrated into worktops, for household purposes; kitchen sinks for household purposes; household tap-water filters, non-electric; standing paper lanterns [andon]; portable paper lanterns [chochin]; gas lamps; oil lamps; lamp chimneys; warming pans, non-electric; pocket warmers, non-electric; hot water bottles for warming one's feet in bed; waste water treatment tanks for household purposes; septic tanks for household purposes; toilet stool units with a washing water squirter; disinfectant dispensers for toilets; toilet bowls; seatings for use with Japanese style toilet bowls; bath fittings; stoves for household purposes, non-electric; water purification units; water purifying units for producing potable water; apparatus for filtering drinking water; lights for vehicles; motorcycle lights; safety lamps; light-emitting diodes [LED] lighting apparatus; lamp bulbs; lighting apparatus and installations; boilers, other than parts of machines; air conditioning apparatus; air conditioners for vehicles; refrigerators; freezing machines and apparatus; laundry dryers; cooking apparatus and installations; kitchen ranges [ovens]; kitchen sinks; electric

cooking ovens; gas cooking ovens; dish drying machines; water purifying apparatus; electric refrigerators; microwave ovens [cooking apparatus]; bath tubs; burners; water heaters; vehicle reflectors; hot-air space heating apparatus for industrial purposes; hot-air furnaces for industrial purposes; hot-water space heating apparatus for industrial purposes; industrial humidifiers; industrial air purifiers; steam heating apparatus for industrial purposes; industrial dehumidifiers; locally induced air-conditioners for industrial purposes; radiators for industrial air-conditioning purposes; central air-conditioning installations for industrial purposes; window-mounting air-conditioners for industrial purposes; pavement heating apparatus for industrial purposes; gas refrigerators for industrial purposes; ice machines for industrial purposes; refrigerating machines for industrial purposes; cooling evaporators for industrial purposes; cooling domes for industrial purposes; freezers for industrial purposes; refrigerating or freezing showcases; industrial-water purifying apparatus; tap-water purifying apparatus; arc lamps; pocket search lights; lamp shade for electric lamps; fluorescent lamps; safety lamps for underground use; germicidal lamps; chandeliers; fish-luring lights; mercury lamps; spotlights; infrared lamps; diving lights; artificial sunlight apparatus; searchlights; vehicle dynamo lamps; incandescent lamps; incandescent lamps and their fittings; discharge lamps and their fittings; miniature light bulbs; electrically heated carpets for household purposes; electric cooking pots for household purposes; electric coffee makers for household purposes; Japanese electric leg-warming apparatus for household purposes [electric kotatsu]; electric cooking stoves for household purposes; electric ice-cream making machines for household purposes; laundry dryers, electric, for household purposes; electric humidifiers for household purposes; electric air purifiers for household purposes; electric dehumidifiers for household purposes; electric fans for household purposes; electric water ionizers for household purposes; electric futon driers for household purposes; electric hot plates for household purposes; electric space cooling apparatus for household purposes; electric range hoods [extractor hoods] for household purposes; water purifiers for household purposes, electric; electric radiant heaters for household purposes; electric footwarmers for personal use; electric toasters for household purposes; Japanese hand warming apparatus for household purposes [electric hibachi]; electrically-heated sleeping mattresses for household purposes; electric thermo-pots for household purposes; electric blankets for household purposes; electric refrigerators for household purposes; electric freezers for household purposes; electric cooking ovens for household purposes; electromagnetic induction cookers for household purposes; microwave ovens [cooking apparatus] for household purposes; electric bath-water purifying apparatus for household purposes; facial sauna equipment using ultrasonic waves for household purposes; hair driers for household purposes; bathtub units to be integrated with a bathroom floor; bubble baths; showers; bathtub units to be integrated with a bathroom floor and a sink; bath boilers; gas stoves [space heaters] for household purposes; coal stoves [space heaters] for household purposes; oil stoves [space heaters] for household purposes; wicks for oil stoves; slow-burning stoves [wood stoves] for household purposes; Japanese charcoal heaters for household purposes [hibachi]; ice chests for household purposes; ice-cooling refrigerators for household purposes; Buddhist

hanging lanterns [rinto].

(13) Firearms; ammunition for firearms; gunpowder; explosive powders; pyrotechnic products and their peripherals; tanks [weapons]; safety catches for firearms; cannons [artillery guns]; machine guns; automatic guns; air pistols [air guns]; percussion devices for firearms; pistols; anti-aircraft guns; gun mount; mockup rifles; gunstocks; noise-suppressors for guns; rifles; firearm sights; magazines for firearms; mortars [firearms]; gun carriages; firing platforms; gun barrels; recoilless guns; howitzers; hunting rifles [sporting rifles].

(14) Precious metals; unwrought and semi-wrought precious stones and their imitations; unwrought precious stones; semi-wrought precious stones and their imitations; key rings; jewellery cases; trophies [prize cups]; commemorative shields; personal ornaments [jewellery, jewelry (Am.)]; ornaments of precious metal in the nature of jewelry; cuff links; shoe ornaments of precious metal; clocks and watches; key holder; bracelets [jewellery]; badges of precious metal; key rings [split rings with trinket or decorative fob]; gold and its alloys; silver and its alloys; platinum and its alloys; iridium and its alloys; osmium and its alloys; palladium and its alloys; ruthenium and its alloys; rhodium and its alloys; diamond [unwrought]; agate and sardonyx [unwrought]; emerald; topaz; olivine [peridot]; threads of precious metal; chalcedony; sapphire; coral [jewellery]; pearl; artificial gemstones; rock crystal [jewellery]; diamond [jewellery]; opal; jade [jewellery]; jasper; agate and sardonyx [jewellery]; ruby; earrings; insignias of precious metal; bonnet pins of precious metal [jewellery]; tie clips; tie pins; necklaces; bracelets; pendants; gem brooches; medals; rings [trinket]; lockets; parts and accessories of clocks and watches; bonnet pins, not of precious metal; Buddhist prayer beads [juzu].

(15) Tuning apparatus for musical instruments; musical instruments; music stands; conductors' batons; tuning forks; tuning hammers; electronic tuners for musical instruments; music synthesizers; melodicas; musical chimes being musical instruments; strings for musical instruments; plectrums; straps for musical instruments; mouthpieces for musical instruments; stands for musical instruments; cases for musical instruments; pedals for musical instruments; mallets for musical instruments; mutes for musical instruments; musical boxes; intensity regulators for mechanical pianos; western style musical instruments; accordions; oboes; ocarinas; organs; musical boxes [not toys]; castanets; guitars; clarinets; cornets; double basses; mutes [musical instrument]; cymbals; tambourines; cellos; chimes; timpani; glockenspiels; drumsticks; trumpets; trombones; harps; harmonicicas; violins; bagpipes; pianos; violas; bassoons; flutes; horns; mouthpieces [musical instruments]; mandolins; xylophones; strings for western musical instruments; bows for western musical instruments; reeds [musical instruments]; Japanese traditional musical instruments; oriental fiddles [kokyu]; oriental harps [koto]; Japanese bamboo clarinets [shakuhachi]; three-stringed Japanese guitars [shamisen]; bamboo vertical pipes [shoh]; Japanese drums [taiko]; Japanese hand drums [tsuzumi]; Japanese picks [tsume]; Japanese plectrums [bachi]; bamboo vertical pipes [hichiriki];

Japanese lutes [biwa]; Japanese flutes [yokobue]; strings for Japanese style stringed instruments; harmoniums; wind pipes for organs; keys for musical instruments; keyboards for musical instruments; catgut for musical instruments; bows for musical instruments; valves for musical instruments; clarions; clarionets; kettledrums; kettledrum frames; stringed musical instruments; pegs for musical instruments; bridges for musical instruments; picks for stringed instruments; bow nuts for musical instruments; Jews' harps [musical instruments]; cornets [musical instruments]; gongs; concertinas; saxophones; turning apparatus for sheet music; robotic drums; dampers for musical instruments; perforated music rolls; bellows for musical instruments; bamboo flutes; zithers; huqin [Chinese violins]; sheng [Chinese musical wind instruments]; pipa [Chinese guitars]; suona [Chinese trumpets]; basses [musical instruments]; carillons [musical instruments]; barrel organs; electronic musical instruments; tom-toms; triangles [musical instruments]; drums [musical instruments]; drumheads; skins for drums; harp strings; chin rests for violins; balalaikas [stringed musical instruments]; banjos; bandonions; handbells [musical instruments]; piano keys; piano keyboards; piano strings; music rolls [piano]; buccins [trumpets]; hats with bells [musical instruments]; horns [musical instruments]; sticks for bows for musical instruments; horsehair for bows for musical instruments; reeds; lyres; hollow wood blocks used as a percussion instrument for beating when reciting Buddhist sutra.

communicating, and social networking; software for use in enabling computers, video game consoles, handheld video game consoles, tablet computers, mobile devices, and mobile telephones to provide virtual reality and augmented reality experiences; software for operating, configuring, and managing virtual reality headsets and controllers; software for gesture recognition, object tracking, motion control, and content visualization; software, firmware and hardware for use in visual, voice, audio, motion, eye and gesture tracking and recognition; software for navigating a virtual reality and augmented reality environments; software for enabling users to experience virtual reality and augmented reality visualization, manipulation, and immersion; software for recording, storing, transmitting, receiving, displaying and analyzing data from wearable computer hardware; software for use in creating and designing virtual reality and augmented reality software; application programming interface (api) for computer software for developing virtual reality and augmented reality experiences; virtual reality game computer hardware; augmented reality game computer hardware; mixed reality game computer hardware; virtual reality computer hardware; augmented reality computer hardware; mixed reality computer hardware; motion tracking sensors for virtual reality, augmented reality and mixed reality technology; virtual reality hardware, namely, headsets, glasses, and controllers for engaging in virtual reality experiences and playing virtual reality games; augmented reality hardware, namely, headsets, glasses, and controllers for engaging in augmented reality experiences and playing augmented reality games; wearable computing devices comprised primarily of software and display screens for connection to computers, tablet computers, mobile devices, and mobile phones in order to enable virtual reality and augmented reality world experiences; hardware and software for operating sensor devices; electronic sensor devices, cameras, projectors, and microphones for gesture, facial, and voice detection, capture and recognition; hardware and software for detecting objects, user gestures and commands; game software; software for game development; gaming software development tools; blockchain gaming software; downloadable electronic game software in the nature of video games, computer games, interactive multimedia games, and virtual, augmented, and mixed reality games; computer software for controlling the operation of audio and video devices; video display software; software for converting natural language into machine-executable commands; software for facilitating interaction and communication between humans and ai (artificial intelligence) platforms; application programming interface (API) for use in developing ai (artificial intelligence) platforms, namely, bots, virtual agents and virtual assistants; software, namely, an interpretive interface for facilitating interaction between humans and machines; artificial intelligence software, namely, machine learning software, visual perception software, speech or language recognition software, decision-making software, translation software, touch recognition software, conversational query software, software for converting natural language into machine-executable commands, and digital assistant software; virtual assistant software that can perform tasks or services on behalf of a user that is activated by user input, location awareness, and online information; software for providing consumer information; software for providing electronic maps; location-aware software for searching, determining,

and sharing locations; software providing, linking to, or streaming news or current events information; parental control software; computer software; computer operating systems; software for enabling electronic devices to share data and communicate with each other; computer peripheral devices; wearable peripherals for computers, tablet computers, mobile devices and mobile telephones; digital media streaming devices; headsets; headphones; gaming headsets; video display hardware, namely, video drivers for video eyewear; cameras; bags and cases specially adapted for mobile electronic devices; protective covers and cases for mobile electronic devices; cases for computers, smartphones, headphones, headsets and gaming devices; holders, armbands, clips and carrying cases specially adapted for mobile electronic devices; remote controls for mobile electronic devices; audio speakers; electrical audio and speaker cables and connectors; electronic cables parts and fittings; electronic cables; microphones; audio receivers; audio transmitters; head-mounted video display; receivers of electronic signals; video receivers; wireless transmitters and receivers for reproduction of sound and signals; electric sensors; software for use in customer relationship management (CRM); software for facilitating and arranging for the financing and distribution of fundraising and donations; software for online charitable fundraising services and financial donation services; software for use in facilitating voice over internet protocol (voip) calls, phone calls, video calls, text messages, instant message and online social networking services; software to allow users to perform e-commerce transactions via the internet and communications networks; communications software; software that allows users to make payments and transfer funds; software that enables online users to make payments and transfer funds across multiple websites and mobile applications; electronic payment processing software; software for processing electronic transactions; computer software in the nature of a query engine; software for facilitating machine learning; software for building user interfaces; downloadable electronic publications; software for opinion polling; software allowing users to post questions with answer options; software for the synchronization of data between a remote station or device and a fixed or remote station or device; voice command and recognition software, speech to text conversion software; voice-enabled software applications for personal information management; wireless communication software for voice, audio, video, and data transmission; software used for controlling stand-alone voice controlled information and personal assistant devices; software for voice recognition for use in connection with the transmission of voice and data; software for accessing, browsing, and searching online databases, audio, video, and multimedia content, games, and software applications, and software application marketplaces; software for use to connect and control internet of things (IOT) electronic devices; computer application software for handheld wireless devices, namely, software for controlling, integrating, operating, connecting, and managing voice controlled information devices, namely, cloud-connected and voice-controlled smart consumer electronic devices and electronic personal assistant devices; software for processing, reproducing, synchronizing, recording, organizing, downloading, uploading, transmitting, streaming, receiving, playing and viewing text, multimedia and data files; software, for personalized, interactive

television (TV) programming and for use in displaying and manipulating visual media, graphic images, text, photographs, illustrations, digital animation, video clips, film footage and audio data; software in the nature of a mobile application for telecommunication services for providing transmission of voice, data, video, and media content via the internet and the worldwide web for computers or other portable consumer electronic devices; software for searching, locating, compiling, indexing, correlating, navigating, obtaining, downloading, receiving, encoding, decoding, playing, storing and organizing text, data, images, graphics, audio and video on a global computer network; software to enhance mobile access to the internet via computers, mobile computers, and mobile communications devices; software for formatting and converting content, text, visual works, audio works, audiovisual works, literary works, data, files, documents and electronic works into a format compatible with portable electronic devices and computers; software for transmitting, sharing, receiving, downloading, displaying, interacting with and transferring content, text, visual works, audio works, audiovisual works, literary works, data, files, documents and electronic works; electronic communication equipment and instruments, namely, mobile and wearable digital electronic devices for sending and receiving of text, data, audio, image, and video files; telecommunications apparatus and instruments, namely, speakers and microphones sold as component features of computers, mobile and wearable digital electronic devices for the sending and receiving of telephone calls, text messages, electronic mail, and other digital data, and for use in providing access to the internet; electronic voice recording and voice recognition apparatus; portable digital electronic devices for recording, organizing, transmitting, manipulating, reviewing, and receiving text, data, and digital files; wearable computer hardware; wearable digital electronic devices comprised primarily of software for alerts, messages, emails, and reminders, and for recording, organizing, transmitting, manipulating, reviewing, and receiving text, data, audio, image and digital files and display screens; software for accessing, browsing and searching online databases; software for accessing, monitoring, searching, displaying, reading, recommending, sharing, organizing, and annotating news, sports, weather, commentary, and other information, content from periodicals, blogs, and websites, and other text, data, graphics, images, audio, video, and multimedia content; software for creating, authoring, distributing, downloading, transmitting, receiving, playing, editing, extracting, encoding, decoding, displaying, storing and organizing text, data, graphics, images, audio, video, and multimedia content, electronic publications, and electronic games; apparatus for recording, transmission or reproduction of sound or images; apparatus for transmission of communications; apparatus for data storage, namely, mobile and wearable digital electronic devices for the storage of text, data, audio, image, and video files; downloadable software for blockchain technology; blockchain software; cryptocurrency wallets; cryptography software; software for cryptocurrency mining; software for cryptocurrency farming; software in the field of blockchain; software for use with cryptocurrency; software for use with digital currency; software for use with virtual currency; digital currency wallet and storage services software; software for use as a cryptocurrency wallet; cryptocurrency hardware wallet;

downloadable computer software for use as a digital wallet; downloadable computer software for use as an electronic wallet; computer programs and computer application software for electronic storage of data; software for providing a digital wallet; software for digital currency payment and exchange transactions; software for use in managing portfolios of digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; software for use as an electronic wallet; software for creating and managing electronic wallets; software for electronic wallet services; downloadable e-wallets; distributed ledger software; distributed ledger platform software; software for use with distributed ledger technology; software that facilitates the ability of users to view, analyze, record, store, monitor, manage, trade and exchange digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; software for sending, receiving, accepting, buying, selling, storing, transmitting, trading and exchanging digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; software for executing and recording financial transactions; distributed ledger software for use in processing financial transactions; software for creating accounts and maintaining and managing information about financial transactions on distributed ledgers and peer to peer payment networks; software for use in financial trading; software for use in financial exchange; software for accessing financial information and market data and trends; software for providing authentication of parties to a financial transaction; software for maintaining ledgers for financial transactions; software for the management of cryptographic security of electronic transmissions across computer networks; software for encrypting and enabling secure transmission of digital information over the internet; software for allowing users to calculate parameters related to financial transactions; software for electronic funds transfer; software for currency conversion; software for the collection and distribution of data; software for payment transactions; software for connecting computers to local databases and global computer networks; software for creating searchable databases of information and data; software for managing and validating transactions involving digital assets, digital tokens, crypto-tokens, utility tokens, non-fungible tokens (NFTS), digital collectibles, crypto-collectibles, cryptocurrencies, digital currencies and virtual currencies; software for creating, executing, and managing smart contracts; software for managing payment and exchange transactions; software and hardware for use as a digital currency wallet, virtual currency wallet, digital asset wallet, crypto token wallet, and utility wallet; software for creating a decentralized and open source digital currency, virtual currency, cryptocurrency, digitized assets, digital token for use in blockchain-based transactions; software for decentralized finance; software for developing decentralized applications; software for recording, managing, tracking, and transferring ownership interests in decentralized autonomous organizations; software for management and governance of decentralized autonomous organizations; software for participating and voting in decentralized autonomous organizations; software for arranging and conducting auctions; software for voting; computer application software for blockchain-

based platforms, namely, software for digital exchanges for virtual items; software for creating, selling and managing blockchain-based tokens or appcoins; software for use in an electronic financial platform; software for processing electronic payments and for transferring funds to and from others; blockchain platform software; software for managing and verifying transactions on a blockchain; software for use in the management and implementation of digital currency, virtual currency, cryptocurrency, digital and blockchain asset, digitized asset, digital token, crypto token and utility token transactions; software for creating and managing a blockchain platform for use in managing digital currency, virtual currency, cryptocurrency, digital and blockchain asset, digitized asset, digital token, crypto token and utility token accounts; software for managing crypto currency and digital currency accounts; software for use in payments, purchases, and investments using digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; software for use in managing the conversion of digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens into hard currency; software for developing, deploying, and managing software applications, and integrating software applications for digital currency, virtual currency, cryptocurrency, digital and blockchain asset, digitized asset, digital token, crypto token and utility token accounts; software and hardware for use in electronically exchanging currency for digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; software for use as an application programming interface (API) for the development, testing, and integration of blockchain software applications; computer hardware for digital currency, virtual currency, cryptocurrency, digital and blockchain asset, and digitized asset mining; security token hardware; electronic currency converters; software, namely, electronic financial platform that accommodates multiple types of payment and transactions in an integrated mobile phone, personal digital assistant (pda), and web-based environment; software for creating tokens to be used to pay for products and services, and that may be traded or exchanged for cash value; software for managing digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized asset, digital token, crypto token and utility token payments, money transfers, and commodity transfers; software for use as an application program interface (api) software for use in computer hardware device identification; software for use in authenticating user access to computers and computer networks; software for use in facilitating secure transactions; software for use in accessing, reading, tracking, and using blockchain technology; software and hardware for managing identity information, access rights to information resources and applications and authentication functionality; software for network identification verification, authentication and management services for security purposes; downloadable authentication software for controlling access to and communications with computers and computer networks; magnetically encoded credit cards and payment cards; encryption devices; security tokens; software for use as a security token; software used in issuing digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital

tokens, crypto tokens and utility tokens; crypto tokens and utility tokens; software used in auditing digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; ad server, namely, a computer server for storing advertisements and delivering advertisements to websites; application programming interface (api) for computer software for developing and creating virtual reality, augmented reality and mixed reality experiences; application programming interface (api) for computer software which facilitates online services for social networking and for data retrieval, upload, download, access and management; application programming interface (api) for software which facilitates online services for social networking and for data retrieval, upload, download, access and management; application programming interface (api) for use in building software applications; augmented reality glasses; augmented reality headsets; augmented reality software; augmented reality software for interactive entertainment; augmented reality software for navigating an augmented reality environment; augmented reality software for object tracking, motion control and content visualization; augmented reality software for operating augmented reality headsets; augmented reality software for users to experience augmented reality visualization, manipulation and immersion; cables, namely, electronic cables and connection cables; cases, straps, wrist and arm bands for electronic monitoring devices; computer application software for use in connection with configuring and controlling wearable computer hardware and wearable computer peripherals; computer hardware for displaying data and video; computer operating system software; computer peripheral equipment for use with smartwatches, namely, smartwatch bands and smartwatch straps; computer peripherals for displaying data and video; computer peripherals for mobile devices for displaying data and video, namely, peripherals worn on the head for mobile devices for displaying data and video; computer peripherals for mobile devices for remotely accessing and transmitting data, namely, peripherals worn on the head for mobile devices for remotely accessing and transmitting data; computer peripherals for mobile devices, namely, electronic devices, monitors, sensors, and displays for sensing, monitoring, recording, displaying, measuring, and transmitting global positioning, direction, distance, altitude, speed, navigational information, weather information, temperature, physical activity level, heart rate, pulse rate, blood pressure, calories burned, steps taken, and biometric data; computer peripherals for remotely accessing and transmitting data; computer software and firmware, namely, operating system programs, database synchronization software, and data synchronization programs; computer software development tools; computer software for accessing, browsing and searching online databases; computer software for accessing, monitoring, searching, displaying, reading, recommending, sharing, organizing, and annotating news, sports, weather, commentary, and other information, content from periodicals, blogs, and websites, and other text, data, graphics, images, audio, video, and multimedia content; computer software for communicating with gaming consoles regarding time, pace, speed, steps taken, athletic skill, calories burned, agility, motion, balance, coordination, and flexibility; computer software for creating, authoring, distributing, downloading, transmitting, receiving, playing, editing, extracting, encoding,

decoding, displaying, storing and organizing text, data, graphics, images, audio, video, and multimedia content, and electronic publications, and electronic games; computer software for creating, editing, uploading, downloading, accessing, viewing, posting, displaying, tagging, blogging, streaming, linking, annotating, indicating sentiment about, commenting on, embedding, transmitting, and sharing or otherwise providing electronic media or information via computer the internet and communication networks; computer software for creating, managing, and interacting with an online community; computer software for fitness and weight management; computer software for fitness, fitness assessments, and sport activities; computer software for integrating electronic data with real world environments for the purposes of entertainment, communicating, and social networking; computer software for modifying and enabling transmission of images, audio, audio visual and video content and data; computer software for modifying photographs, images and audio, video, and audio-visual content with photographic filters and virtual reality, mixed reality and augmented reality (ar) effects, namely, graphics, animations, text, drawings, geotags, metadata tags, hyperlinks; computer software for processing images, graphics, audio, video, and text; computer software for sending and receiving electronic messages, graphics, images, audio and audio visual content via computer the internet and communication networks; computer software for sending and receiving electronic messages, alerts, notifications and reminders; computer software for setting up, configuring, operating and controlling mobile devices, wearable devices, mobile phones, computers, and computer peripherals; computer software for social networking and interacting with online communities; computer software for the collection, managing, editing, organizing, modifying, transmission, sharing, and storage of data and information; computer software for the redirection of messages, internet e-mail, and/or other data to one or more electronic wearable wireless communication devices from a data store on or associated with a personal computer or a server; computer software for use as an application programming interface (api); computer software for use in creating, managing, measuring, and disseminating advertising of others; computer software for viewing digital images and photographs provided as updates for or in combination with head-mounted display screen devices; computer software for wireless content, data and information delivery; computer software to enable accessing, displaying, editing, linking, sharing and otherwise providing electronic media and information via the internet and communications networks; computer software to enable development, assessment, testing, and maintenance of mobile software applications for portable electronic communication devices, namely, mobile phones, smartphones, handheld computers and computer tablets; computer software to enhance the audio-visual capabilities of multimedia applications, namely, for the three-dimensional rendering of graphics, still images and moving pictures provided as updates for or in combination with head-mounted display screen devices; software for creating, managing and accessing groups within virtual communities; computer software, namely, an application providing social networking functionalities; computer software, namely, an interpretive interface for facilitating interaction between humans and machines; computer software,

namely, software development tools for the creation, debugging, and deployment of software applications for smart glasses, near eye displays, head mounted displays, and smartphones; smartwatches; eyewear; sunglasses; digital video eyewear; digital video eyewear, head mounted video displays, namely, micro screens and associated optics, virtual reality headsets, associated electronics, namely, connection cables and adaptors, software and firmware for displaying video games, electronic media and images; downloadable computer application software for mobile phones, smartphones, computers, tablets, smart glasses, digital video eyewear, wearable digital electronic devices, namely, glasses, goggles, and headsets, head mounted displays, near eye display systems, communications networks, cloud computing services, and computer systems for communicating between the devices, networks and services; downloadable computer application software for smart glasses, near eye display systems, and head mounted displays for displaying icons, determining and responding to user selection of icons, controlling connections to and communication with other devices, networks, and systems, operating a camera to record and display images and audio visual files, organizing digital image and audio visual files, controlling microphones, controlling sound level of built-in speakers, transferring computer files between the smart glasses, near eye display systems, head mounted displays and other devices, networks, and systems, controlling user notifications, controlling a touchpad, controlling and obtaining data from sensors in the smart glasses, near eye display systems, and head mounted displays, including accelerometers, barometric, temperature, tilt, tip, and yawl sensors, head orientation sensors, and gps receivers, controlling the speed of the cpu, and sensing and displaying the battery charge level, and displaying, capturing, recording, and streaming data, images, and audio visual content in standard reality, augmented reality, and mixed reality environments; downloadable computer application software for smart glasses, near eye display systems, and head mounted displays for the generation and display of standard reality, augmented reality, mixed reality content; downloadable computer application software for smart glasses, near eye display systems, and head mounted displays for communication with other smart glasses, near eye display systems, and head mounted displays; downloadable computer software for enabling capture, storage, and transmission of photographs, videos, data, and information with a user's biometric, health, and other performance data overlaid and integrated into the recording; downloadable computer software for viewing and interacting with a feed of images, audio, audio-visual and video content and associated text and data; downloadable computer software, namely, mobile application for setting up, configuring, and controlling wearable computer hardware and wearable computer peripherals; gesture recognition software; smartglasses with the function of wireless communication; global positioning system (gps) devices; goggles for enabling virtual reality, augmented reality and mixed reality world experiences; hardware and software to view virtual images in creating virtual, augmented and mixed reality; head mounted video display; head-mounted display screen devices and their component parts, namely, video display cards; headsets for use with computers; interactive entertainment software; interface electronics, namely, video driver interface circuits for digital video eyewear; location-aware computer software, downloadable computer

software and mobile application software for searching, determining and sharing locations; messaging software; microdisplays, namely, head mounted video displays and near eye video displays; mixed reality computer hardware; mixed reality glasses; mixed reality headsets; mixed reality software; mixed reality software for interactive entertainment; mixed reality software for navigating a mixed reality environment; mixed reality software for object tracking, motion control and content visualization; mixed reality software for operating mixed reality headsets; mixed reality software for users to experience mixed reality visualization, manipulation and immersion; motion tracking sensors for augmented reality technology; motion tracking sensors for mixed reality technology; motion tracking sensors for virtual reality technology; near eye display optics, namely, video display screens for mounting near a user's eyes and lenses for displaying images to a user; near eye display systems comprised of gps sensors, accelerometers, magnetometers, directional compasses, environment temperature sensors, and electronic tip and tilt orientation sensors; near eye display systems comprising computer hardware, electronic display interfaces, and software for the generation and display of virtual reality and mixed reality content; near eye display systems comprising computer hardware, electronic display interfaces, and software specifically adapted for goggles; near eye display systems comprising eyewear and software for the generation and display of standard reality, augmented reality, and mixed reality content; near eye displays; network communication apparatus, namely, mobile and wearable digital electronic devices for the sending and receiving of text, data, audio, image, and video files across networks; personal assistant software; personal digital assistants; personal electronic devices used to track fitness goals and statistics; personal fitness trackers; personal video display devices in the nature of wearable displays for viewing digital content including virtual reality, augmented reality and mixed reality content; personal video display screens; portable, handheld, and personal digital electronic devices for recording, organizing, transmitting, manipulating, reviewing, and receiving text, data, and digital files; remote control apparatus for wearable computer hardware and smartwatches; sensors for scientific use to be worn by a human to gather human biometric data, mobile and wearable digital electronic devices for recording, organizing, transmitting, manipulating, and reviewing text, data, audio, image and video files; smart glasses; smart glasses with wired and wireless audio capability; smartwatch bands; smartwatch straps; smartwatches; smart jewelry; social assistant software; software and firmware for controlling, configuring and managing controllers; software and firmware for displaying video games and electronic media on display screen devices provided as updates for or in combination with head-mounted display screen devices; software and firmware for operating system programs; software and firmware for video drivers and video processing provided as updates for or in combination with head-mounted display screen devices; software and firmware for enabling electronic devices to share data and communicate with each other; software driver programs for electronic devices for enabling computer hardware and electronic devices to communicate with each other; software for advertisers to communicate and interact with online communities; software for alerts, messages, emails, and reminders, and for recording, organizing, transmitting,

manipulating, reviewing, and receiving text, data, audio, image and digital files and display screens; software for communicating by wireless local area networks, wireless technologies, and other communication protocols between near-eye display systems and network devices, namely, mobile phones, smart phones, computers, tablets, and other computer systems; software for converting natural language into machine-executable commands; software for creating and managing social media profiles and user accounts; software for creating, editing, uploading, downloading, accessing, viewing, posting, displaying, tagging, blogging, streaming, linking, annotating, indicating sentiment about, commenting on, embedding, transmitting, and sharing or otherwise providing electronic media or information via computer and communication networks; software for creating, managing and accessing groups within virtual communities; software for creating, managing, and interacting with an online community; software for facilitating and arranging for the financing and distribution of fundraising and donations; software for generating images to be displayed in near-eye display system; software for integrating electronic data with real world environments for the purposes of entertainment, education, gaming, communicating, and social networking; software for modifying and enabling transmission of images, audio, audio visual and video content and data; software for online charitable fundraising services and financial donation services; software for ordering and/or purchasing goods and services; software for organizing, searching for and managing events; software for planning activities with other users, making recommendations; software for processing images, graphics, audio, video, and text; software for recording, storing, transmitting, receiving, displaying and analyzing data from wearable computer hardware; software for smart phones and other computer systems to generate data, images, and audio for display in near-eye display systems and for transmitting such data, images, audio to near-eye display systems; software for smart phones and other computer systems to receive data from near-eye display systems; software for social and destination mapping; software for social networking; software for streaming multimedia entertainment content; software for the collection, managing, editing, organizing, modifying, transmission, sharing, and storage of data and information; software for tracking motion in, visualizing, manipulating, viewing, and displaying augmented, mixed and virtual reality experiences; software for use as an application programming interface (api); software for use in creating and designing virtual reality, augmented reality and mixed reality software; software for wireless content, data and information delivery; software in the nature of a mobile application; software that enables individuals, groups, companies, and brands to create and maintain an online presence for marketing purposes; software, namely, an interpretive interface for facilitating interaction between humans and machines; telecommunications apparatus and instruments, namely, speakers and microphones sold as component features of computers, mobile and wearable digital electronic devices for the sending and receiving of telephone calls, text messages, electronic mail, and other digital data, and for use in providing access to the internet; virtual reality glasses; virtual reality headsets; virtual reality software; virtual reality software for interactive entertainment; virtual reality software for navigating a virtual reality

environment; virtual reality software for object tracking, motion control and content visualization; virtual reality software for operating virtual reality headsets; virtual reality software for users to experience virtual reality visualization, manipulation and immersion; virtual, augmented, and mixed reality software for use in enabling computers, video game consoles, handheld video game consoles, tablet computers, mobile devices, and mobile telephones to provide virtual, augmented, and mixed reality experiences; watches, bracelets, and wrist bands that communicate data to personal digital assistants, smart phones, and personal computers through internet websites and other computer and electronic communication networks; waterproof near eye display systems comprising computer hardware, electronic display interfaces, and software for the generation and display of virtual reality and mixed reality content; wearable activity trackers; wearable computer peripherals; wearable computing devices comprised primarily of software and display screens for connection to computers, tablet computers, mobile devices, and mobile phones in order to enable virtual reality, augmented reality and mixed reality world experiences; wearable digital electronic devices comprised primarily of software for alerts, messages, emails, and reminders, and for recording, organizing, transmitting, manipulating, reviewing, and receiving text, data, audio, image and digital files and display screens; wearable digital electronic devices, namely, glasses, goggles, and headsets; wearable electronic devices, namely, watches, bracelets, and wristbands that are comprised of software that communicates data to personal digital assistants, smart phones, and personal computers through internet websites and other computer and electronic communication networks; wearable peripherals for computers, tablet computers, mobile devices and mobile telephones, namely, configurable head-mounted displays; wireless computer peripherals; light emitting diode (led) signs; neon signs; downloadable multimedia files authenticated by non-fungible token (NFT); downloadable music files authenticated by non-fungible token (NFT); downloadable image files authenticated by non-fungible token (NFT); downloadable video files authenticated by non-fungible token (NFT); downloadable text files authenticated by non-fungible token (NFT); downloadable audio files authenticated by non-fungible token (NFT); image, music, audio, video and multimedia files authenticated by non-fungible tokens (nfts); digital images, audio, video and multimedia files; computer graphics; software for creating nfts; software for minting, creating, and issuing digital assets, digital tokens, crypto-tokens, utility tokens, non-fungible tokens (nfts), digital collectibles, crypto-collectibles, cryptocurrencies, digital currencies and virtual currencies; software for viewing and providing access to digital assets, digital tokens, crypto-tokens, utility tokens, non-fungible tokens (nfts), digital collectibles, crypto-collectibles, cryptocurrencies, digital currencies and virtual currencies; software for distributing, trading, storing, sending, receiving, accepting, and transmitting digital assets, digital tokens, crypto-tokens, utility tokens, non-fungible tokens (nfts), digital collectibles, crypto-collectibles, cryptocurrencies, digital currencies and virtual currencies; virtual reality headsets for playing video games for connection to computers, video game consoles, handheld video game consoles, tablet computers, mobile devices, and mobile phones in order to enable virtual reality experiences; wearable

peripherals for playing video games specially adapted for computers, video game consoles, handheld video game consoles, tablet computers, mobile devices, and mobile telephones; audio and visual headsets for use in playing video games; gaming headsets adapted for use in playing video games.

(14) Jewelry; imitation jewelry; watches; keychains; key rings., (16) Printed publications; books; magazines; pictures; posters; stationery; trading cards., (18) Bags; backpacks; luggage; wallets.

(24) Blankets; bedspreads.

relating thereto; industrial analysis and research services; computer hardware and software design, development, installation and maintenance; research services and consulting in the field of information and telecommunications technology; design of telecommunications apparatus and equipment; consulting services in the field of design, selection, implementation and use of computer hardware and software systems for others; providing online software platform featuring technology that enables online users to make payments and transfer funds; providing online software platform featuring technology that enables online users to make payments and funds transfers across multiple websites and mobile applications; computer services, namely, application services provider featuring application programming interface (api) software to allow users to perform e-commerce transactions via the internet and communications networks; software as a services (saas) services featuring software for facilitating e-commerce transactions via the internet and communications networks; application service provider featuring an application programming interface (api) software to allow users to perform e-commerce transactions via the internet and communications networks; providing non-downloadable software for converting natural language into machine-executable commands; providing non-downloadable artificial intelligence software for facilitating machine learning software; application service provider (asp) featuring software to enable or facilitate machine learning software; providing non-downloadable software for machine learning; providing non-downloadable software tools for software development; providing non-downloadable software for building user interfaces; application service provider (asp) featuring software to enable or facilitate user interface building software; electronic data storage; electronic storage of photographs; interactive hosting services which allow the users to publish and share their own content and images online; providing non-downloadable software for database management; computer network services; providing non-downloadable software for opinion polling; providing non-downloadable software allowing users to post questions with answer options; platform as a service (paas) services featuring technology that allows businesses, organizations and individuals to create and manage their online presences and to communicate with online users information and messages regarding their activities, products and services and to engage in business and social networking; providing non-downloadable software featuring technology that allows users to manage their business networking accounts; providing non-downloadable software for voice command and recognition software, speech to text conversion software, voice-enabled software applications for personal information management; platform as a service (paas) featuring computer software platforms for personal assistant software; platform as a service (paas) featuring computer software platforms for home automation and home device integration software; platform as a service (paas) featuring computer software platforms for wireless communication software for voice, audio, video, and data transmission; software as a service (saas) featuring computer software for personal information management; providing non-downloadable software for accessing, monitoring, tracking, searching, saving, and sharing information on topics of general interest; software as a service (saas) featuring computer software for use to connect and control internet of things (iot) electronic

devices; software as a service (saas) featuring computer software for others to use for the development of software to manage, connect, and operate internet of things (iot) electronic devices; software as a service (saas) featuring computer software for use as an application programming interface (api); design, development and maintenance of proprietary computer software for others in the field of natural language, speech, language, and voice recognition excluding post-production of picture and sound recordings; application service provider (asp), namely, hosting computer software applications through the internet of others; consultation services relating to programming of multimedia application management, computer programming, hardware, software, and computer system design and specification; software as a service (saas) services, namely, hosting software for use by others for use in providing an online database featuring a wide range of general interest information via the internet; providing non-downloadable mobile communications device software for enhancing mobile access to the internet via computers, mobile computers, and mobile communications devices; technical support services, namely, troubleshooting in the nature of diagnosing computer hardware and software problems and mobile computer and mobile communications device hardware and software problems; computer, mobile computer, and mobile communication device hardware and software consultation and design; providing non-downloadable computer software that enables users to access and download computer software; providing non-downloadable software and applications for accessing streaming audio and video files, games, social networks, text files, and multimedia files; application service provider (asp) featuring application programming interface (api) software for the streaming, storage, and sharing of video games, content, data and information; computer software development in the field of mobile applications; information technology (IT) consulting services; application service provider (asp) services, namely, hosting computer software applications of others; application service provider (asp) services, featuring e-commerce software for use as a payment gateway that authorizes processing of credit cards or direct payments for merchants; application service provider (asp) services, namely, providing, hosting, managing, developing, and maintaining applications, software, websites and databases in the fields of information technology, blockchain, virtual currency, digital currency, cryptocurrency, and digital assets; application service provider (asp) services featuring software for use in virtual currency, digital currency, cryptocurrency, and digital asset exchange and transactions; application service provider (asp) featuring software to enable or facilitate the creating, editing, uploading, downloading, accessing, viewing, posting, displaying, commenting on, embedding, transmitting, and sharing or otherwise providing electronic media or information via the internet and communications networks; application service provider services featuring application programming interface (api) software to allow users to perform electronic business transactions via a global computer network; application service provider (asp) featuring software to enable or facilitate purchasing goods and services; software as a service (saas) services; platform as a service (paas) services; providing temporary use of on-line non-downloadable cloud computing software; providing distributed ledger technology; providing temporary use of on-line non-downloadable distributed ledger software;

providing temporary use of on-line non-downloadable cryptography software; providing temporary use of on-line non-downloadable software for use with cryptocurrency; providing temporary use of on-line non-downloadable software for use with digital currency; providing temporary use of on-line non-downloadable software for use with virtual currency; providing temporary use of on-line non-downloadable software for cryptocurrency mining; providing temporary use of on-line non-downloadable software for cryptocurrency farming; providing temporary use of on-line non-downloadable software that facilitates the ability of users to view, analyze, record, store, monitor, manage, trade and exchange digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; providing temporary use of on-line non-downloadable software for sending, receiving, accepting, buying, selling, storing, transmitting, trading and exchanging digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; providing temporary use of on-line non-downloadable software for implementing, executing, and recording financial transactions, providing temporary use of on-line non-downloadable software for creating accounts and maintaining and managing information about financial transactions on distributed public ledgers and peer to peer payment networks; providing temporary use of on-line non-downloadable software for managing and verifying transactions on a blockchain; providing temporary use of on-line non-downloadable software for processing electronic payments and for transferring funds to and from others; providing electronic financial platform software; providing software for use as an application programming interface (api) for the development, testing, and integration of blockchain software applications; providing temporary use of on-line non-downloadable software for transfers of digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens between parties; providing temporary use of on-line non-downloadable software for use in financial trading; providing temporary use of on-line non-downloadable software for use in financial exchange; providing temporary use of on-line non-downloadable software for use in accessing financial information and market data and trends; providing temporary use of on-line non-downloadable software for the management of cryptographic security of electronic transmissions across computer networks; providing temporary use of non-downloadable software for use with digital currency; providing temporary use of non-downloadable software for use with cryptocurrency; providing temporary use of on-line non-downloadable software for use with digital currency wallet and storage services; providing non-downloadable software for use as a cryptocurrency wallet; providing non-downloadable software for use as an electronic wallet; providing non-downloadable software for use as a digital wallet; providing temporary use of on-line non-downloadable software for creating and managing electronic wallets; electronic data storage services; providing temporary use of on-line non-downloadable software for electronic funds transfer; providing temporary use of on-line non-downloadable software for currency conversion; providing temporary use of on-line non-downloadable software for the collection and distribution of data; providing temporary use of on-line non-

downloadable software for payment and exchange transactions; providing temporary use of on-line non-downloadable software for connecting computers to local databases and global computer networks; providing temporary use of on-line non-downloadable software for creating searchable databases of information and data; providing temporary use of on-line non-downloadable software for managing and validating digital currency, virtual currency, cryptocurrency, digital asset, blockchain asset, digitized asset, digital token, crypto token and utility token transactions; providing temporary use of on-line non-downloadable software for creating, executing, and managing smart contracts; development and implementation of smart contracts; providing temporary use of on-line non-downloadable software for managing payment and exchange transactions; providing temporary use of on-line non-downloadable software for electronically exchanging currency for digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; providing temporary use of on-line non-downloadable software for use in enabling the electronic transfer of funds to and from others; providing temporary use of on-line non-downloadable software for decentralized finance; providing temporary use of on-line non-downloadable software for creating a decentralized and open source digital currency for use in blockchain-based transactions; providing temporary use of on-line non-downloadable software for creating a decentralized and open source virtual currency for use in blockchain-based transactions; providing temporary use of on-line non-downloadable software for creating a decentralized and open source cryptocurrency for use in blockchain-based transactions; providing temporary use of on-line non-downloadable software for encrypting and enabling secure transmission of digital information over the internet, as well as over other modes of communication between computing devices; providing temporary use of non-downloadable distributed ledger platform software for use in processing financial transactions; providing temporary use of on-line non-downloadable software for maintaining ledgers for financial transactions; providing temporary use of on-line non-downloadable software for electronic funds transfer and currency conversion; providing temporary use of on-line non-downloadable software for use in web portal featuring blogs and non-downloadable publications in the nature of articles, columns, and informational guides in the fields of virtual currencies, digital and blockchain assets and market and trading trends; providing software for non-downloadable electronic publications; providing temporary use of on-line non-downloadable software for digital images, audio, video and multimedia files; providing non-downloadable software for computer graphics; platform as a service (paas) featuring computer software platforms for the selling and purchasing digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; software as a service (saas) featuring computer software platforms for the selling and purchasing digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; computer services, namely, creating an on-line virtual environment for the selling and purchasing of digital currency, virtual currency, cryptocurrency, digital and blockchain assets,

digitized assets, digital tokens, crypto tokens and utility tokens; platform as a service (paas) featuring computer software platforms for managing blockchain and token driven, distributed storage computer systems; software as a service (saas) featuring computer software platforms for managing blockchain and token driven, distributed storage computer systems; computer services, namely, providing secure, private encrypted cloud storage services; computer services, namely, providing open source decentralized cloud storage platform; data encryption services featuring blockchain software technology and peer-to-peer protocols to provide secure, private, and encrypted cloud storage; data mining; providing temporary use of on-line non-downloadable software for use with blockchain technology; software as a service (saas) services featuring software for clearing, allocation, compliance, recordation and settlement of trading related to digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; platform as a service (paas) services featuring software for clearing, allocation, compliance, recordation and settlement of trading related to digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; platform as a service (paas) featuring software platforms for facilitating transactions and payments using digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens that allow users to buy from, and sell products and services to others; software as a service (saas) featuring software platforms for facilitating transactions and payments using digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens that allow users to buy from, and sell products and services to others; blockchain-based software platforms and distributed computing software platforms for auditing and verifying digital information and codes; providing temporary use of on-line non-downloadable blockchain software; design, development and implementation of audit and security software for blockchain-based platforms; providing temporary use of on-line non-downloadable software for use in facilitating secure transactions; providing temporary use of on-line non-downloadable software for auditing digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; design, development, and implementation of software for distributed computing platforms; design, development, and implementation of software for blockchain; design, development, and implementation of software for digital currency, virtual currency, cryptocurrency, digital and blockchain asset, digitized asset, digital token, crypto token and utility token wallets; providing temporary use of on-line non-downloadable software for users to buy and sell products by using digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; providing online non-downloadable software for use in accessing, reading, tracking, and using blockchain technology; platform as a service (paas) featuring computer software platforms for computer system and application development, deployment, and management; software as a service (saas) featuring computer software platforms for computer system and application

development, deployment, and management; providing non-downloadable software enabling users to develop, build and run distributed applications through an open-source peer-to-peer smart-contract and payment network platform; providing temporary use of non-downloadable authentication software for controlling access to and communications with computers and computer networks; providing temporary use of on-line non-downloadable communications software; providing online non-downloadable software for use in the exchange of virtual items; providing a digital exchange that enables users to trade cryptocurrency and digital currency, financial assets, and commodities; providing non-downloadable software for use in issuing digital currency, virtual currency, cryptocurrency, digital and blockchain assets; application service provider (asp); application service provider (asp) featuring application programming interface (api) software which facilitates online services for social networking, developing software applications; application service provider (asp) featuring location-aware software for searching, determining and sharing the location of goods, services and events of interest; application service provider (asp) featuring software for mapping services; application service provider (asp) featuring software for social networking, managing social networking content, creating a virtual community, and transmission of images, audio-visual and video content, photographs, videos, data, text, messages, advertisements, media advertising communications and information; application service provider (asp) featuring software for use in buying, selling, designing, managing, tracking, valuing, optimizing, targeting, analyzing, delivery, and reporting of online advertising and marketing; application service provider (asp) featuring software to enable or facilitate the sharing and displaying a user's location, planning activities with other users and making recommendations; application service provider (asp) featuring software to enable or facilitate social and destination mapping; application service provider (asp) featuring software to enable or facilitate interaction and communication between humans and ai (artificial intelligence) platforms, namely, bots, virtual agents and virtual assistants; application service provider (asp) services; application service provider (asp) services featuring software for controlling, integrating, operating, connecting, and managing voice -controlled information devices, namely, cloud-connected and voice-controlled smart consumer electronic devices and electronic personal assistant devices; application service provider (asp), namely, hosting, managing, developing and maintaining applications, software, and web sites, in the fields of personal productivity, wireless communication, and mobile applications; application service provider (asp), namely, providing, hosting, managing, developing, and maintaining applications, software, websites, and databases in the fields of calculation of website ranking based on user traffic; application service provider (asp), namely, remote hosting of computer applications of others; application service provider, namely, providing, hosting, managing, developing, and maintaining applications, software, web sites, and databases in the fields of wireless communication, mobile information access, and remote data management for wireless delivery of content to handheld computers, laptops and mobile electronic devices; application service provider, namely, providing, hosting, managing, developing, and maintaining applications, software, websites, and

databases in the fields of calculation of website ranking based on user traffic; computer technology consultancy; computer programming; consultancy in the design and development of computer hardware; computer software consultancy; technical consultancy relating to computer hardware design and application and use of computer software; providing online support services for computer program users, namely, providing information, online links and electronic resources related to sports, health, and fitness; computer services in the nature of providing customized online pages featuring user-defined or specified information, personal profiles, virtual reality, mixed reality, and augmented reality content and data; computer services, namely, creating virtual communities for registered users to organize groups and events, participate in discussions, get feedback from their peers, and engage in social, business and community networking; computer services, namely, curating online user-defined content and advertisements and creating social media feeds; computer services, namely, hosting online web facilities for others for organizing and conducting meetings, events and interactive discussions via the internet and communication networks; computer services, namely, providing information in the fields of technology and software development via the internet; computer software development; creating, maintaining and hosting of a website and other computer and electronic communication networks featuring information, online links, and electronic resources in the field of sports and fitness; creating, maintaining and hosting of an interactive web site and other computer and electronic communication networks that enables users to enter, access, track progress, monitor and generate health, fitness, personal exercise, sports, and athletic activity information and achievements; creating, maintaining and hosting of an interactive web site and other computer and electronic communication networks that enables users to compete and compare athletic information and achievements with other users; design and development of augmented reality hardware and software; design and development of computer hardware and computer software; design and development of interactive multimedia software; design and development of augmented reality hardware and software; design and development of mixed reality hardware and software; design and development of virtual reality hardware and software; file sharing services, namely, providing online facilities for others featuring technology enabling users to upload and download electronic files; hosting of digital content on the internet; mapping services; mobile computer and mobile communications device hardware and software consultation and design; mobile computer and mobile communications device software design for others; providing non-downloadable computer software for displaying, aggregating, analyzing and organizing data and information in the fields of health, wellness, fitness, physical activity, weight management, sleep, and nutrition; providing non-downloadable computer software for facilitating interaction and communication between humans and ai (artificial intelligence) platforms, namely, bots, virtual agents and virtual assistants; providing non-downloadable computer software for sharing and displaying a user's location, planning activities with other users and making recommendations; providing non-downloadable computer software for social and destination mapping; providing non-downloadable software for creating, managing and accessing user-created

and administered private groups within virtual communities; providing non-downloadable software for ordering and/or purchasing goods and services; providing non-downloadable software for processing electronic transactions; providing non-downloadable software for providing a virtual marketplace; providing non-downloadable software for social networking, creating a virtual community, and transmission of audio, video, images, text and data; providing non-downloadable software for streaming multimedia entertainment content; providing non-downloadable software for transmitting, sharing, receiving, downloading, displaying, interacting with and transferring content, text, visual works, audio works, audiovisual works, literary works, data, files, documents and electronic works; providing non-downloadable software for processing images, graphics, audio, video, and text; providing non-downloadable software for the collection, managing, editing, organizing, modifying, transmission, sharing, and storage of data and information; online ad-buying platform provider, namely, providing non-downloadable software programs for allowing buyers and sellers of online advertising to purchase and sell advertising inventory; providing non-downloadable cloud computing software for use in electronic storage of data; providing non-downloadable cloud computing software for virtual reality, mixed reality and augmented reality applications and environments; providing non-downloadable computer software for use in providing retail and ordering services for a wide variety of consumer goods; platform as a service (paas) featuring computer software platforms for use in purchasing and disseminating advertising; platform as a service (paas) featuring computer software platforms for social networking, managing social networking content, creating a virtual community, and transmission of images, audio-visual and video content, photographs, videos, data, text, messages, advertisements, media advertising communications and information; platform as a service (paas) featuring computer software platforms for voice command and recognition software, speech to text conversion software, voice-enabled software applications for personal information management; platform as a service (paas) featuring software platforms for social networking and transmission of images, audio-visual content, video content and messages; platform as a service (paas) services featuring computer software to allow users to perform electronic business and e-commerce transaction; providing an online network service that enables users to transfer personal identity data to and share personal identity data with and among multiple online facilities; providing information from searchable indexes and databases of information, including text, electronic documents, databases, graphics, electronic media, images and audio visual content via the internet and communication networks; providing internet search engines; providing temporary use of on-line non-downloadable software to allow users to perform electronic business transactions via the internet and communications networks; providing online facilities featuring technology that enables online users to create personal profiles featuring social and business networking information, to transfer and share such information among multiple online facilities, to engage in social networking, and to manage their social networking accounts; providing online facilities that give users the ability to upload, modify and share audio, video, photographic images, text, graphics and data; providing online facilities featuring technology that enables

online users to create personal profiles featuring social and business networking information and to transfer and share such information among multiple online facilities; providing online non-downloadable software for setting up, configuring, and controlling wearable computer hardware and wearable computer peripherals; providing online sites that gives users the ability to upload, modify and share virtual reality, mixed reality and augmented reality content, information, experiences and data; providing non-downloadable personal assistant software; providing non-downloadable social assistant software; providing search platforms to allow users to request and receive photos, videos, text, data, images, and electronic works; providing search platforms to allow users to request and receive content, text, visual works, audio works, audiovisual works, literary works, data, files, documents, and electronic works; providing non-downloadable software for facilitating and arranging for the financing and distribution of fundraising and donations; providing non-downloadable software for online charitable fundraising services and financial donation services; providing non-downloadable software for mapping services; providing online non-downloadable computer software and hosting online facilities to enable users to access and download computer software; providing non-downloadable software enabling development, assessment, testing, and maintenance of mobile software applications for portable computing devices, namely, mobile phones, smartphones, handheld computers and computer tablets; providing non-downloadable software for sharing and displaying a user's location, planning activities with other users and making recommendations; providing non-downloadable software for social and destination mapping; providing non-downloadable software for finding content and content publishers, and for subscribing to content; providing non-downloadable software for accessing, collecting, displaying, editing, linking, modifying, organizing, tagging, streaming, sharing, storing, transmitting, and otherwise providing electronic media, photographs, images, graphics, audio, videos, audio-visual content, data and information via the internet and communication networks; providing non-downloadable e-commerce software to allow users to perform electronic business transactions via the internet; providing non-downloadable location-aware computer software for searching, determining and sharing the location of goods, services and events of interest; providing non-downloadable software applications for searching and identifying local and location-based points of interest, events, landmarks, employment opportunities, entertainment, cultural events, shopping and offers; providing non-downloadable software applications for providing location-based weather information; providing non-downloadable software applications for providing, linking to, or streaming news or current events information; providing non-downloadable software for modifying photographs, images and audio, video, and audio-video content with photographic filters and virtual reality, mixed reality, and augmented reality (ar) effects, namely, graphics, animations, text, drawings, geotags, metadata tags, and hyperlinks; providing non-downloadable software for taking photographs and recording audio, audio-visual and video content; providing non-downloadable software for uploading, downloading, archiving, enabling transmission of, and sharing images, audio-visual and video content and associated text and data; providing non-

downloadable software for streaming multimedia entertainment content; providing non-downloadable software and applications for instant messaging, voice over internet protocol (voip), video conferencing, and audio conferencing; providing non-downloadable software for use in designing, managing, measuring, analyzing, disseminating, and serving advertising of others; providing non-downloadable software for taking photographs and recording audio, audio-visual and video content; provision of internet search engine services; rental of computer software that gives users the ability to upload, edit, and share images, videos and audio-visual content; software as a service (saas) featuring computer software for accessing, browsing, and searching online databases, audio, video and multimedia content, games, and software applications, software application marketplaces; software as a service (saas) featuring computer software for accessing, monitoring, tracking, searching, saving, and sharing information on topics of general interest; software as a service (saas) featuring computer software for connecting, operating, integrating, controlling, and managing networked consumer electronic devices, home climate devices and lighting products via wireless networks; software as a service (saas) featuring computer software used for controlling stand-alone voice controlled information and personal assistant devices; software as a service (saas) for use in designing, creating and analyzing data, metrics and reports in the areas of health, fitness, sleep, nutrition and wellness; software as a service (saas) services featuring software for sending and receiving electronic messages, notifications and alerts; providing non-downloadable software for sending and receiving electronic messages, graphics, images, audio and audio-visual content via the internet and communication networks; providing temporary use non-downloadable software for electronic messaging; providing non-downloadable software for minting, creating, and issuing digital assets, digital tokens, crypto-tokens, utility tokens, non-fungible tokens (nfts), digital collectibles, crypto-collectibles, cryptocurrencies, digital currencies and virtual currencies; providing non-downloadable software for viewing and providing access to digital assets, digital tokens, crypto-tokens, utility tokens, non-fungible tokens (nfts), digital collectibles, crypto-collectibles, cryptocurrencies, digital currencies and virtual currencies; providing non-downloadable software for distributing, trading, storing, sending, receiving, accepting, and transmitting digital assets, digital tokens, crypto-tokens, utility tokens, non-fungible tokens (nfts), digital collectibles, crypto-collectibles, cryptocurrencies, digital currencies and virtual currencies; organization, management and governance of decentralized autonomous organizations (DAOs); recording, management and tracking of ownership interests in decentralized autonomous organizations (DAOs) being information technology services; design and development of decentralized applications; providing non-downloadable software for developing decentralized applications; providing non-downloadable software for recording, managing, tracking, and transferring ownership interests in decentralized autonomous organizations; providing non-downloadable software for management and governance of decentralized autonomous organizations; providing non-downloadable software for participating and voting in decentralized autonomous organizations; providing non-downloadable software
