NOTICE is hereby given that any person who has grounds of opposition to the registration of any of the trademarks advertised in the schedule hereto may, within three months from the date of this notice, lodge opposition on **form 12** in duplicate together with the prescribed fees.

Formal opposition should not be lodged until after reasonable notice has been given in writing to the applicant so as to afford him an opportunity of withdrawing his application before the expense of preparing an opposition is incurred. Failure to give such notice will be taken into account in considering any application by an opponent for an order for costs if the opposition is uncontested by the applicant.

Reproduction of the marks quoted below may be inspected at the Trademarks Registry, Plot 54358, Block A, Prime Plaza, CBD, Gaborone, Botswana.

(511) (510) Goods/Services	<p>1 : Gases and chemicals used in industry, commerce, science and also catering; gases, in particular nitrogen, oxygen, helium and other noble gases, hydrogen, carbon dioxide, carbon monoxide, nitrogen oxide, ammonia, ozone, halogens, halogen compounds, boron, silicon and sulphur compounds, saturated and unsaturated hydrocarbon gases, hydrocarbon compounds, and other gases used in industry, and mixtures of all the aforesaid gases; high-purity gases and precise gas mixtures; solidified gases, in particular dry ice (solid carbon dioxide), in a variety of preparations, namely in the form of blocks, discs, grains or pellets, for industrial and scientific use or else commercial purposes, in particular in fun and leisure area; cold and frozen liquefied gases, in particular liquefied atmospheric gases and liquefied noble gases; refrigerants for refrigerators; chemicals, in particular liquid solvents and washing preparations for gas purification; adsorbents, zeolites and ion exchangers; molecular sieves, separating membranes; chemical and biochemical catalysts.</p> <p>4 : Fuel gases and gaseous fuels, including liquefied or dissolved, in particular acetylene, hydrocarbon gases, propane/butane liquefied gases, liquefied petroleum gas (LPG); fuels and lighting fuels and gases; biofuels and biogas.</p> <p>5 : Gases and gas mixtures for medical and therapeutic purposes, gaseous medicines, gases for anaesthetic and pain-relieving purposes for human beings and animals, gases and gas mixtures for healing purposes, for improving the mental state and for wellbeing; medical aerosols and aerosol components for human use; disinfectants; fabrics for destroying harmful organisms, vermin and insects, fungicides, herbicides, in particular gaseous media or media used with gas for protecting crops or stored foodstuffs.</p> <p>7 : Machines and apparatus for gas separation; apparatus for gas concentration; pumps, liquefied gas pumps, compressor units, pressure generating apparatus; vacuum pumps, vacuum or low-pressure generating apparatus; electric welding and cutting apparatus, autogenous welding and cutting apparatus, the aforesaid for manual use, burners, burner heads and nozzles, and electrodes and transformers therefor; machines and machine tools operating using compressed or process gas, and fittings in connection therewith, namely machines for the metal, electronics, chemical, food and plastics industries, for the manufacturing and automotive industries, and parts therefor, in particular gas-related construction parts and components; machines for processing, crushing and separating metal parts, plastic parts and rubber parts; accessories for gas technological machines and machine components (included in this class), in particular gas regulating, shut-off, pressure reducing, pressure monitoring devices or valves and combinations thereof for industrial purposes; expansion machines; condensers (in particular for air), regenerators (in particular for solvents); mechanical generators of energy on the basis of excess pressure or</p>		

waste heat; electric arc or laser-based welding and cutting machines, and parts therefor, in particular gas-related components; welding and cutting electrodes, nozzles and other consumables for welding and cutting; regeneration installations for energy and materials, composting apparatus; dispensing or drawing machines for beverages; mechanical apparatus for the separation of air, mechanical apparatus/machines for the production, separation, purification and re-gasification of industrial and natural gases; mechanical apparatus for exhaust gas purification, waste separation and waste treatment, included in this class, waste separation installations, gas injectors, fermentation installations.

9 : Breathing apparatus, life-saving apparatus and life-saving kits comprising life-saving apparatus with accessories; measuring apparatus and pressure regulators for gas cylinders, in particular including for respiratory gas cylinders; valve and regulating heads for gas cylinders; safety and protective equipment for the workplace, in particular protective clothing, protective helmets, protective masks, solderers' helmets, protective and safety goggles, clothing for protection against accidents, irradiation and fire, protective gloves; apparatus and instruments for gas detection and for tracing gases in installations or spaces; apparatus for remotely reading measurement values; apparatus for logging and evaluating measurement values; fire retarding and extinguishing apparatus; equipment and apparatus for the checking (supervision) and regulation of gas and liquid gas quantities, mainly comprising control consoles, display instruments, flow meters, flow switches, sensors and, where necessary, alarm sounders, in particular for industrial applications.

10 : Medical apparatus for administering medical gases, in particular gases containing oxygen or medicines in gas form; medical measuring and monitoring apparatus, medical apparatus and equipment and medical accessories for the application of gases, in particular oxygen, in the private sector; oxygen concentrators, oxygen concentrators; oxygen masks and nasal prongs; pulse meters; oximeters; lung testers, humidifiers; valves and fittings suitable for medical gases, being components for gas supply apparatus for medical apparatus or medical gas applications, in particular in hospitals; gas withdrawal stations for hospitals and similar institutions.

11 : Apparatus for heating, steam and gas generating, refrigerating, ventilating, and fumigating; gas supply, gas procurement, and gas preparation equipment and gas supply installations; gas purifiers, gas generators and apparatus for the manufacturing of process gas/gases; apparatus for liquefaction and/or separation of gases and gas mixtures, in particular air and hydrocarbon gases by thermodynamic measures and/or cooling; gas withdrawal devices, gas regulating apparatus and safety apparatus for preparing an available gas stock for use, mainly consisting of a combination of measuring, switching and adjustment components; regulating and safety accessories for gas apparatus and gas pipes, in particular shut-off valves, non-return valves, security valves of all kinds; burners and burner systems; industrial furnaces and heating chambers; thermal reactors for gas conversions; refrigerating and freezing apparatus, in particular for use in industry, freezing tunnel for the food industry; deep-cold keeping and cryogenic technology apparatus, cryostats, liquefiers for technological or scientific gases; gas separators, gas scrubbers, adsorbers and adsorber installations, membrane gas separators; distillation apparatus and columns, gas condensers; heat exchangers, fluid/gas heaters and coolers; filters,

sieves for gases and liquids; waste water purification apparatus and fish water treatment installations, water treatment and processing apparatus; fittings, taps, withdrawal valves and pressure reducers suitable for gas, in particular specially adapted shut-off and withdrawal closing extraction valves of metal for special gas containers; taps, valves and fittings of metal combined as a functional unit for producing controlled gas flows or gas pressures; cutter heads and cutter nozzles for cutting burners, gas distributors and injectors for distributing or injecting gases into media and in volumes of any kind; regulating and controlling apparatus for the distribution and procurement of gases or liquid gases for use; flap stop valves for process gas flows and process gas flow distributors; heat, steam and gas generating apparatus, refrigerating and freezing equipment, and thermochemical reactors.

35 : Retailing in sales outlets and department stores in the fields of household, garden and recreational crafts, DIY articles and requisites, and retailing relating to medical equipment and apparatus and medical aids for the home sector, in particular for the respiratory sector, and services in connection therewith, excluding exchange services, delivery and rental services; retailing, sale and sales promotion of goods and services through mail order catalogues or through electronic offers via the internet in the fields of household, garden and recreational crafts, DIY articles and requisites, and relating to medical equipment and apparatus and medical aids for the home sector; retailing relating to industrial application gases, equipment for storing and dispensing industrial gases, welding and cutting equipment, heating equipment; retailing relating to tools, crafted consumables and protective clothing; procurement services for others, namely purchasing of goods and services for others in the fields of industrial gases and medical gases; administrative management of the storage, warehousing and onward supply of industrial gases or medical gases; computerised data processing for the administration of gases; commercial information regarding the stock levels and the traceability of cylinders containing industrial gases and medical gases, namely administrative management for tracking of gas cylinder deliveries and routes and the on-site use of gas cylinders.

37 : Installation or assembly, repair and servicing of gas technology, petrochemical, pharmaceutical, medical and environmental technology installations and apparatus, gas supply installations for industry and health care, industrial refrigerating and freezing equipment, cryogenic apparatus and installations; construction management for the construction of industrial and institutional large-scale apparatus and installations for chemistry and petrochemistry, the production industry, science, environmental technology and medical technology; maintenance and repair of chemical reactors, gas separators, gas generators, apparatus for conveying gas, cryogenic apparatus, apparatus for processing and preserving foodstuffs, gas testing instruments; installation and maintenance of welding and cutting equipment; installation and maintenance of heat treatment units; maintenance, servicing and repair of fuel cells and their components; maintenance and servicing of gas networks and parts thereof for supplying gases in industry or medical gases in hospitals; maintenance, servicing and sterilisation of medical equipment and apparatus; servicing, repair and installation of apparatus and instruments for measuring, calibration, checking, analysis and benchmarking purposes.

38 : Services in connection with the sending, broadcasting, dissemination and transmission of image and sound information, data and measurement data via radio, electronic media or the internet; remote transmission of data and measurement data; transmission of control data for optimising the operation and administration of a gas supply; transmission of data regarding the storage of gas in gas stores or regarding gas cylinder stocks; transmission of emergency signals for the arrangement of medical assistance.

39 : Delivery, storage and transport of goods, equipment, working materials, raw materials, transport of gas via pipelines; delivery of gas to companies, institutions, hospitals and private individuals, in particular including delivery of gas in gas containers or gas cylinders or in large quantities via tankers or gas pipes, including automated delivery and delivery without specific requirements; transport services, namely transport of individuals and small loads, chauffeur services and courier services; vehicle rental, in particular rental of automobiles and other vehicles for transportation of individuals by land; rental of vehicle accessories, in particular luggage carriers, trailers; supply and connection of gas stocks for immediate provision; rental of machines and apparatus for transporting and handling solid, liquid and gaseous media; rental of tanks, racks and containers for storing gases, gas cylinders and gas supply components, devices for heating and cooling gas, liquefied gas evaporators; delivery and warehousing of cryogenic goods, rental of cryogenic containers.

41 : Providing of training, instruction and tuition for specialist personnel or private individuals in the field of the application of medical gases; providing of training, instruction and tuition for specialist personnel regarding the handling of cryogenic media and liquid gases; providing of training, tuition and instruction for individuals in the fields of gas application, gas supply technology and gas safety technology; welding courses and welding training courses, and courses regarding specific industrial gas application technologies and regarding the operation of gas, chemical and low-temperature installations; publication of information and instructional materials in various areas of gas application, and publication of gas equipment catalogues; providing of training, tuition and instruction for specialist personnel or private individuals regarding medical apparatus, in particular apparatus for administering medical gases and equipment in connection therewith.

42 : Expertise/engineering in the field of chemistry and petrochemistry, process engineering and environmental technology, pharmacy and medical technology, and gas usage and application technology; technical consultancy in all fields relating to gas application, gas treatment and gas generation, petrochemical/chemical and pharmaceutical process engineering, and refrigeration, liquefaction and cryotechnology (deep-freezing technology), and exhaust gas, water and waste engineering; technical planning and construction, basic and detailed engineering (layout and design services) and function testing and conducting of trials in connection with gas technology, cryogenic, chemical, petrochemical, pharmaceutical and environmental protection apparatus and installations, refrigerating and freezing equipment and cryogenic apparatus; computer programming, for others, in connection with the aforesaid apparatus and installations and related technologies.

44 : Medical and care services in the institutional and home sector; services in the field of patient care and nursing care in the home sector, medical assistance

	or services provided by other specialist medical personnel or care staff, in particular support for the application of medical gases in the home, for performing treatments in the home sector, and care services, including involving consultancy, support and monitoring in connection therewith; medical assistance or services provided by other specialist medical personnel, in particular services for the application of medical gases, in particular respiratory gases, or for performing treatments with medicines in gas form; conducting of medical and respiratory assistance treatments and applications in the home sector; conducting of medical and respiratory assistance treatments and applications in hospitals or facilities subordinate to hospitals; medical equipment rental; telemetric monitoring of patients.
